MONDAY'S VISITORS.

The Huddersfield team visit Warrington on Monday next and they can rest assured that our supporters will give them a real Lancashire reception. This is certainly one of the most popular fixtures in our list and one we hope will continue for many years to come. They have certainly had bad luck with regard to injuries, etc., to players this season, but lately they have made good progress up the League table, and their record is—

	P.	W.	L.	D.	For	Agst.	Percentage
Huddersfield	18	11	7	0	309	139	61.11

We give below a few particulars of a number of the Huddersfield team:—

Player.	Birthplace.	Position.	Height.	Weight.
			ft. in.	st. lb.
H. Wagstaff, Underbank (T.Q.B.)			5 10½	12 7

A. Sherwood, Castleford (F.)			6 0	12 7

NOTE.

There will be no extra Programme on Monday next for the above match.

THEY SAY

One of our officials and a certain player are a bit warm with the "Bank" at "Toto." What about that "Light Blue" each way, Bert?

OLDHAM (Selected from).**OUR VISIT TO LEEDS.**

Our supporters will be pleased to know that our team created a grand impression at Leeds. There was a great crowd present and after the match the Leeds Directors complimented our players and said not only was it one of the best games seen at Headingley this year from a spectacular point of view, but a splendid sporting spirit had prevailed throughout the match, and they trusted the fixture with Warrington would continue for a good number of years to come.

The following are extracts from the Leeds F.C. Official Programme issued for the match last Tuesday, and which included notes on the game played at Warrington on the 17th of the present month:

"The game was fast and open from start to finish, and, although defeated, we came away feeling that we had indeed played in a good sporting match. Those of our men who accompanied Skelhorn to Australia speak of him in the highest terms both as a player and a man, and the manner in which he has played in the representative matches this season shows plainly that the opinions of George Rees and James Bacon as to his abilities were not far wrong.

"Jolley, the Warrington full back, was very much in the picture, and with a man like him we should take some beating. In addition to kicking some fine penalty goals he brought down his man with unerring regularity.

"Most of us were struck with the improvement to the ground since we were last at Warrington. The old wooden hoarding that used to meet the eye as we entered the main gateway has been replaced by a very fine concrete wall, built to represent a stone wall. It has improved the appearance of the ground very much, and the Warrington authorities are already finding that it is much cheaper to do away with wood fences and go in for the real thing. Perhaps the time will soon come when we can replace woodwork by a fine, up-to-date wall similar to the one which our Warrington friends have built."

ELLIOT HARRIS.

The Warrington F.C. have now signed on the above player. He is a wing threequarter and son of Elliot Harris who helped to make our Club famous. If this youngster turns out to be as good as his father, then we shall have reason to congratulate ourselves on the capture. He is playing with the "A" team at Oldham to-day.

OUR INVALIDS.

Joe Barton is now convalescent after having an operation at Sir Robert Jones' private nursing home at Liverpool. He has had a loose cartilage removed from his knee.

C. J. Collins is progressing very nicely.

W. Cunliffe has had the flu, but he has reported fit for to-day's match.

J. Tranter has been suffering from lumbago in the back, and we are hoping he will have sufficiently recovered to play this afternoon.

G. Walker, who broke a fibula in his leg in the match v. Wigan "A," is progressing favourably, but his recovery will necessarily be a slow job.

S. Callan hopes to report fit early next week.

We wish them all speedy recoveries and better luck in the New Year.
