JOTTINGS.

The position of the first ten Clubs in the League prior to the Easter Holidays were as follows:—

				Matches played	Points
Salford	...	...	...	33	57
York	...	...	...	33	47
Halifax	...	...	...	31	42
Leeds	...	...	...	32	42
Hunslet	...	...	...	31	41
Warrington	...	...	...	34	41
Keighley	...	...	...	33	41
Wigan	...	...	...	32	40
Swinton	...	...	...	32	39
Widnes	...	...	...	31	38

In anticipating who are the likely clubs to hold the second, third, and fourth positions, I think I am right in assuming that it rests between York, Hunslet, Halifax, and Leeds.

Salford will undoubtedly be placed at the head of the table. York I think will reach 51 points, Hunslet the same figure, Leeds 48 or 50 points, and Halifax 48 or 50 points. I hardly think that Warrington, Keighley, Wigan, Swinton, or Widnes are dangerous contenders for a position in the first four. For your guidance I will give you a list of the remaining matches these ten clubs had and have to play (commencing on Good Friday), as this programme was written prior to the Easter holidays.

I ought to say that if Halifax succeeded in defeating Leeds on Easter Monday, they will have an excellent chance of being in the first four, and Leeds will probably be placed fifth in the event of such defeat.
