TAILORING

AT ITS BEST

"Go to a good tailor" is a common enough saying, but what is "a good tailor," and what is there about good tailoring which is deserving of so much prestige? First and foremost, clothes made to your own measures are yours and yours alone, therefore men must entrust the provision of their clothes to the care of a competent practical tailor.

We make good Suits from 10 Guineas to 13 Guineas.

CLUB CHAT.

I HAVE often heard people say "youth will have its fling," this was proved on Wednesday against Bramley. Its a long time since our team scored ten tries in one match, and with Bramley four, our supporters certainly had a good day and saw plenty of the ball. When watching the game, I thought there wasn't much wrong with the Rugby League Rules, all that is necessary is to play as they are intended; if the players will only let the ball do the work, its the finest game played today. I must also congratulate the Bramley players on a good, clean, sportsmanlike game, and I should imagine it was a very easy game for Referee Kendall.

We are pleased to have our friends from Oldham today, they always play the open type of football, and if ground conditions are good, we are assured of a good afternoon's entertainment.

Those who saw the Schoolboys' Final on New Year's Day, would see how easy it is to control a game, particularly when the players look up to the man in authority; probably the reason is that if they did not carry out their instructions they would have something to look forward to when they got back to School.

The programme winner on New Year's Day was Mr. W. Rawnsley, of 15 Hope Street, Sowerby Bridge, with number 320.

Our next first team match at home will be on January 25th, with Leigh, and the kick-off will be 3 o'clock. Our "A" team will be at home to Hull and Featherstone in the meantime, and on both days the kick-off will be 2-45.
