NOTES

The first half of the season, now completed, has been very successful from a playing point of view.

Since last August, three League matches have been lost—against Barrow, Warrington and St. Helens. During the period, 17 League matches have been won, and this has been achieved despite the many calls made on our players for representative matches.

The team has also retained its hold on the Lancashire Cup.

Looking at the individual scoring records, we find Wigan players leading in both tries and goals. Gordon Ratcliffe heads the try scoring list, whilst Ted Ward has a clear lead in the goal scoring.

The general standard of play has been excellent, and we look forward with confidence to a successful second half of the season. The Rugby League Challenge Cup will soon be on us—the draw for the first round takes place on Thursday next—and the actual first round ties are to be played on February 7th and 14th.

The "A" Team has been moderately successful, but the heavy calls made on the first team has had its repercussions

on our second string. With representative matches out of the way, except for odd games, it is expected to field strong "A" teams for the rest of the season, and we look forward for the reserve side to make a good show from now onwards.

Following the recent signing of J. Casey, a further addition has been made by H. Harrison signing professional forms after completing a series of trials.
