NOTES AND COMMENTS.

To-day we extend a very warm welcome to Oldham, who will be making their first visit to the Recreation Ground. They are one of the founders of the League, and have always been noted for their open and clever play, though when the need arises they can play the dour type of football.

At one time Oldham had a strong liking for Cumberland men, and names like Tom Fletcher, Billy Dixon, Joe Ferguson, Fred Ashworth, and Tosh Holliday come readily to mind.

At present Oldham are one of the clubs who are finding team building both hard and expensive. Their biggest capture of late has been Goldswain, the Welsh international loose forward.

Whitehaven had only themselves to blame for last Saturday's defeat at Barrow where, in spite of having most of the play, they finally were defeated 12-2. We badly missed a goal-kicker and our threequarters must run straight and with more determination. To-day we expect to see more moves down the middle.

May we appeal to the public not to rush on the field after the match. Remember it has only been re-drained and re-seeded, and nothing destroys grass more than thousands of spectators rushing across after the end of play.

From the Dewsbury club we have received a letter thanking our club for the cordial reception extended to them and expressing appreciation of the sportsmanship of the Whitehaven crowd.

Our spectators will be pleased to learn that the first stages in the erection of the Supporters' Club shelter on the popular side will begin on Monday.

NEXT HOME GAME—SATURDAY, NOV. 26th: ROCHDALE "A".
