SUPPORTERS' NOTES

To-day, the opening of the new season, all Supporters will welcome the introduction of these notes in the programme. We are indebted to the Directors for their generous gesture in giving this space free, it indicates the close spirit of co-operation between the Supporters Club and the Directors.

This co-operation will eventually lead to the achievements of our ambitions, that is:—A first-class team, a first-class ground, and a Supporters Club second to none!

These notes will provide excellent publicity, they will give news of intended activities, social events, and all items of special interest, and promote better liason between the committee and the general body of Supporters.

To-days innovation will be the first public appearance of our "Rugby Queen," Miss Betty Sharpe,—special praise is due to the Ladies' Section who promoted this event.

So give her a rousing cheer when she "kicks off" to-day, because our support and confidence will be naturally reflected by the team.

E. BENSON, Secretary.

NOTES AND COMMENTS

Once again the Directors, Players and Officials of the Club have great pleasure in welcoming the many thousands of supporters.

This year we hope to give you better fare than you have had in the past. The close seasons signings should have assured everyone that the policy of the Club is to build on the right lines i.e. stress on youth. Not all our new boys will be on view to-day, but judge for yourselves on the lucky chaps who have had the good fortune to be selected.

Most of you will be seeing the ground for the first time in months, you will notice what an improvement has taken place. The playing area has received a lot of attention, but is now in perfect condition. Turnstiles have been erected, terracing is even now in progress. Enclosure shelters are also being erected.

One of the Directors biggest headaches has been the Car Park, we hope that in their new venture they have pleased all our car going patrons.

We start as we left off last season, playing old friends from Oldham. Everyone remembers the hard game they gave us then, and the same thing can be expected to-day. If our boys play the open game they should again prove victorious. Let them again hear that cry COME ON WHITEHAVEN.

The Rugby League Council are determined to make the game more attractive. With this object in view they have been re-drafting certain rules. Several of these rules should do away with the scrums. Take the case of the new Rule regarding penalty kicks.

(1) A penalty kick shall be awarded against any player who is guilty of a deliberate breach of the Laws, provided that this shall not be to the disadvantage of the non-offending side, the point at which the penalty is awarded shall be referred to as the mark.

(2) A player may take a penalty kick by punting, drop-kicking or place-kicking the ball from any point on the line behind the mark and equidistant from the touch line.

(3) All players of the kickers side must be behind the ball when it is kicked.

The players of the side against which the penalty kick is awarded shall retire to a distance not less than ten yards from the line drawn through the mark at right-angles to the touch or to their goal line if the mark is less than 10 yds from their goal line. They shall not raise their hands above their heads or make any movement to interfere with the kicker.

If the ball fails to reach the mark, or if a player of the kickers side infringes, a scrum shall be formed at the mark.

If a player of the side opposing that of the kicker infringes, the kick shall be retaken.
