CLUB NOTES — SATURDAY, SEPTEMBER 30, 1950

WE, as a Club, have been struggling for many years, probably for more years than any other Club in the Rugby League and consequently during this period we have had plenty of bread, sometimes accompanied by a little butter and sometimes even jam, but sweets have been almost unknown. This week we have enjoyed to the full one of these little delicacies and it is nice to know that at last the Club is showing some outward signs of progress. We refer, of course to the selection of Jack Gibson in the Yorkshire County team to play Cumberland at Whitehaven, an honour which is well merited and an opportunity which we are sure Jack will take with both hands.

By the time these notes are read the battle will have been fought, but we have every confidence that the prestige of the Bramley Club will have been enhanced by his contribution to the game. The writer of these notes does not remember the Bramley Club ever before having had representation in the back division of a Yorkshire County team during the past 35 years. Don't we hope that this is a forerunner for honours for other members of our team. We are confident that Dennis Warrior, Stan. Pickering, (who incidentally was reserve stand off in the Whitehaven match), and Les. Baldwin would be a credit to any side.

Although we beat Liverpool Stanley last week, the display of the team as a whole was much below their capabilities and frankly was disappointing. The wild passing indulged in by a few of our players, which against any other team would have meant certain defeat, was deplorable, and we hope we shall have no repetition of this in future games. We also had no counter to the "off side" game which Liverpool played, but no doubt our coach, will have remedied this defect, and we are looking forward to a much more enjoyable game to-day against Oldham, who incidentally beat us at the Barley Mow last year— 9 pts. to 4.
