PROGRAMME NOTES — SATURDAY, NOVEMBER 1st, 1952.

We take this opportunity of wishing Jack Gibson a very successful and happy future with the Barrow Club.

Jack has been a very good servant indeed to the Bramley Club since he joined us about nine seasons ago. Probably no player has been subjected to more criticism by a section of our followers, but he always went on the field to give of his best, and unquestionably on many occasions it was his football brain which was largely responsible for our successes and he will not easily be replaced.

We regret that at the moment there is a hitch in our negotiations with Neville Black, the Wigan half back, but we are still hopeful of a satisfactory conclusion.

No doubt many of our supporters will be interested in the home debut of Geoffrey Street, whom we recently acquired from Salford, and also of Geoff Wilman, who has been loaned to us by Keighley. We hope both these players will materially help to strengthen our side.

We also hope that last Saturday's rest from football will prove beneficial to our team, and that every one of them will go on to the field to-day determined to play "all out" for 80 minutes.

Oldham are always a tough nut to crack and are capable of fully extending any team, but if they are opposed by thirteen players full of determination and team spirit it is possible for them to wilt.

We welcome both the Oldham players and officials to the Barley Mow and sincerely hope they will enjoy to-day Rugby League football at its best.
