CLUB NOTES

Today the long trek begins and for one team it will mean winning the Rugby League Cup at Wembley Stadium on May 9th.

We begin our challenge today against Oldham. The side from Watersheddings are having quite a good season and head the Second Division. Last season they were relegated along with Bramley and today gives us the distinction of playing every club in the league within two seasons.

The Captain and Player/Coach with the side is Frank 'Spanky' Dyson, who during the close season was appointed Player/Coach, and this former Huddersfield player seems to have settled in well with his new club. A former Test and County full back, Frank has had a very distinguished career in rugby and although reaching the veteran stage we can be assured he will pull out all the stops today. He is also a very accomplished goal kicker.

On the wings we have the coincidence of two players with the same name — these are the Simms. One is a local boy and Trevor was signed from Rochdale Hornets. At centre is Peter Smethurst who was signed from Swinton and yet another local in Johnny Noon.

Utility player Vince Nestor is at present at stand-off half with former Leeds player Jackie Pyecroft at scrum-half.

In the pack at open side prop is Charlie Bott who was signed from a Yorkshire junior club. Alongside him is Len McIntyre, the test hooker and one of the most mobile hookers playing today. At blind-side prop is Tug Wilson the former R.U. International. In the second row we have Major, the former Warrington player who packs down with Robinson, the giant forward who was signed from Whitehaven. At loose forward is Dave Parker who is rated by many as a future international.

After a great display at Workington we are very confident about today's game and we are hoping for a change of fortune.

A familiar face missing today from our line-up will be that of Brian Todd who last week was transferred to St. Helens. May we wish him every success with his new club.

"The Management Committee of the Northern Rugby Football League wish it to be known that a club is held responsible for the actions of its spectators. Acts of hooliganism directed against Referees and Touch Judges can result in disciplinary measures being taken against a club and such measures might involve a fine or, in extreme circumstances, the closure of the ground.

All spectators are asked to co-operate in maintaining the standard of behaviour normally expected from the British sporting public."
