CLUB NOTES

What a tonic for players and supporters alike was our great win last Saturday at Leigh. Don't be misled by those reports which stated that Leigh played badly. They played as well as our lads allowed them to. Whilst they undoubtedly missed the genius of Alex Murphy don't forget that we too had our player/coach nursing a broken thumb. All-in-all a great performance which the Leigh crowd (and our gallant band of supporters who made the long journey) readily acknowledged.

Our visitors today are those doughty fighters from Oldham, a club whose name is respected whenever Rugby League is discussed. Today to players and officials alike we extend a specially hearty welcome for our coach from Leigh enjoyed the hospitality of the Oldham R.L. Social Club on the journey home.

CLUB NOTES (Cont.)—

Today we hope to return the kindness shown but on the field we trust that "friendship will count for nothing" and that our lads will give nothing away. Another victory would really set the team alight.

Our "A" team, who have played many better games, still did enough to outpoint Bramley "A" last Saturday. Young Trevor Denton, our recent signing, continues to impress and a special word of praise to that old war-horse Colin Price. Colin can still show most of the youngsters what Rugby League is all about and he had a big hand in the victory.
