CLUB NOTES

THE GROUND

On your visits to Belle Vue this season you will have noticed that attention has been paid to necessary preservation work. The stands have been re-painted, partly through generosity from outside sources. External surroundings, though evidently capable of some improvement, have not received the same attention.

The fact is, of course, that the financial situation of the club is not sufficiently able to undertake anything beyond what is necessary inside, with the result that some work beyond that however desirable it may seem, cannot be undertaken.

Those who may feel that the Environment Improvement Grant from Government sources could be of use in this case may be unaware of the fact that apparently a limit to such expenditure has been fixed.

Some of those intending to apply appear to have been taken by surprise by this. It appears that there were so many calls on the grant from all parts of the country that the amount allocated could soon be exhausted.

So it was that many schemes were put forward too late for consideration. Amongst these, unhappily, was Trinity's, and, as the Department's decision is for the present final, one can well understand that when such help again becomes available Trinity's claim will be submitted and, we hope, receive favourable consideration.

Efforts to that end will continue to be made.

THE AMATEURS

The Rugby League professional clubs at all times have acknowledged their indebtedness to the R.L. Amateurs for most of the players who come into our game. Those of us who follow these matters closely will have been perturbed by recent reports of differences between Amateur organisations and the Rugby League.

AND SPEAK TO A SAMARITAN—IN CONFIDENCE

From long experience Trinity know the value of the Amateur Leagues. Without them the game would be in poor state indeed. The attitude at Belle Vue is that our club will be ready to accept any arrangement that promises the best assistance possible to the Amateurs, and there is confidence that eventually such matters will be settled by amicable agreement to mutual benefit.

Different opinions there can always be on any matters, but when two organisations need one another, the eventual outcome is dependent on recognition of that.

FIXTURES

We have previously this season noted the extraordinary lengthened programme which the more successful clubs will find themselves facing, with the resultant risk of staleness among players. There is another aspect which may force itself into consideration and which may not at once be assessed by those not in close touch with financial affairs.

But such followers are bound to notice the many cases of small attendances and will be drawn to the inevitable conclusion that most matches played by some clubs must result in financial loss. The logical conclusion could therefore be that a short fixture list is preferable to a long one.

It is a sad reflection that but for other sources of income some clubs would be unable to carry on. And so it is that the aid of the various Supporters Clubs, the money derived from pools and other efforts and the fees received from the B.B.C. for T.V. rights have for years now been so gratefully welcomed.

More recently there has arisen the help of sponsorship. What that has meant to cricket has been easily discernible, but it seems that for our games those pleasing results are more difficult of attainment. Let us hope that they will arrive, given longer time.

These early stages have shown that in some cases the games must have resulted in further financial loss if gate receipts were the only source. So it is pleasing to note that, although the greatest rewards are reserved for the successful, those failing in earlier rounds are not being forgotten. Whether the allocation to them is sufficient is something which only those clubs can assess for themselves.

ITEMS OF INTEREST: FACTS AND FIGURES by J. C. Lindley

OLDHAM

To-day we welcome our friends from Oldham on one of their rare visits to our Belle Vue ground. This afternoon's visit is, in fact, only their second in ten seasons.

Oldham were last here in 1970/71, losing by 38-2 after our two sides had drawn 15-15 at Watersheddings in an earlier league game. Prior to those games one has to go back to 1962/63 when the two league meetings brought Oldham victory at Belle Vue by 19-12 and Trinity a victory at Oldham by 15-3.

Sandwiches : Soup Snacks

Since the resumption of full-scale activity after the Second World War in 1945, Trinity and Oldham have met 11 times here at Belle Vue—all in league football. Trinity can point to seven victories and a draw—whilst in a similar number of visits to Watersheddings we have won three times with one draw.

COMPETITION PROGRESS

Our emphatic victory over Blackpool Borough last week-end in the 1st round of the Players No. 6 competition takes us another step towards additional financial reward. Prize money ahead in this contest ranges from £300 (defeated second round clubs), £450 (losing quarter-finalists), £1,000 (defeated semi-finalists), to the £2,500 or £5,000 which goes to the runners-up and winners of this contest. The second round, incidentally, will be played on the week-end of December 15th.

Prior to that two further competitions await us—the newly sponsored 'Captain Morgan' contest (in which we are drawn to play

Bat'ley at home in round one) and the BBC2 tv Floodlit competition in which Bramley, here are Belle Vue, will be our first round opponents.

OUR NEXT MATCH

On Wednesday evening, kick-off 7.30 p.m., Castleford form the opposition in the Yorkshire Challenge Cup semi-final. We can already point to one victory over 'Cas' this season—succeeding by 21-14 in the opening league encounter of the campaign at Wheldon Road.

The other semi-final of the County Cup will be played at Headingley on the previous evening between Leeds (the holders) and Bradford Northern. So, when Castleford and Trinity meet each other they will already know who the winners will meet in the Final to be played at Headingley on Saturday, 20th October.

COUNTY HONOURS

The four Trinity players who were on duty when Yorkshire defeated Cumbria at Bramley the other week, retained their positions

in the engagement against Lancashire on Wednesday...DAVID TOPLISS (off-half), GEORGE BALLANTYNE (Prop), and MICHAEL MORGAN (hooker), plus GEOFF. WRAITH (sub. back).

Unfortunately Ballantyne's ankle injury forced him to withdraw.

100 TRIES

Throughout the Club's long history only 8 players have reached a century of tries for Trinity and so it is interesting to note here that one of our present side—David Topliss—is fast approaching this milestone quite early in his career and seems certain to shortly join this select band who have reached the 100-try mark:

Neil Fox (269), Fred Smith (188), Dennis Booker (127), Geft Coetzer (122), Herbert Goodfellow (114), Arthur Fletcher (114), 'Ted' Bateson (113) and Hen Hirst (100).

Topliss's try against Blackpool Borough last Sunday brought him to the 96 try mark in 168 games for Trinity.

INJURIES

George Ballantyne suffered an ankle injury in the County game against Cumbria and was unfit last week-end. During the game with Blackpool Borough Geoff. Wrigglesworth and Barry Parker had to retire with injuries. It is hoped that all these players will be fit to resume this week-end.

The emphatic 47-13 victory over Blackpool Borough in the first round of the Players No. 6 competition was to be clouded, late in the game, by an injury to our player-coach Neil Fox whose 20 points (from 2 tries and 7 goals) brought his scoring total in six games this season to a remarkable 79 points.

Neil suffered a badly dislocated collar bone which could keep him out of action for up to three months. All will wish him a speedy recovery, and hope that he will be back in action earlier than first thought.

CAPTAIN MORGAN TROPHY

The 1st round will be zoned; Lancashire clubs paired together. Yorkshire clubs playing together. No zoning will be made in subsequent rounds, and the final will be staged on a neutral ground.

In total £8,000 in cash prizes will be awarded to the 16 clubs taking part. The eight losing clubs from the 1st Round will receive £150 each; the four losers of round two will receive £250 each; the two losing semi-finalists each receive £500. Runners-up in the final receive £1,800—and awaiting the winners of the 'Captain Morgan' trophy is £3,000.

(Trinity play Batley at home in 1st round)

NOW ON SALE—

THE HISTORY OF WAKEFIELD TRINITY 1873—1973

After unavoidable long delays, first due to advertising problems and later through holidays and pressure of work at the specialist bookbinders, this Trinity history, covering 100 years of Rugby Football, are now on sale.

To those subscribers who ordered copies several months ago, we apologise for the long delay but can now state that their copies will be despatched to them during next week

* * *

Buyers of this book, which forms one of the most comprehensive histories attempted in Rugby football, can win prizes valued at over £200. The draw for this, originally scheduled for the Trinity v Australia match, has been put back to November 25th when Salford will be Trinity's opponents in a First Division match. Anyone who buys a copy of this history on or before that date will get the additional bonus of partaking in this free draw—one good reason why you should make sure of your copy as soon as possible.

* * *

In what must be one of the most comprehensive histories any Rugby club has attempted, this book is a 'must' for the Rugby League follower in general, and particularly for those who have ever seen Wakefield Trinity in action. But there is a great deal more here to interest others. Here is a book, in fact, for everyone who has an interest in Rugby football.

300 pages 100 illustrations Price £1.50

Rugby League's richest prize!

Player's N°6 Trophy

The outstanding feature of every season

With over £16,000 in prize money to play for it's no wonder that the Player's N°6 Trophy is a success with the players. And the effort and skill they put into capturing the Trophy has made sure that this 5 round, 32 club knockout series is a hit with the spectators too.

The Player's N°6 Trophy really is Rugby League's richest prize—in every sense.
