CLUB NOTES BARROW V OLDHAM

FRIDAY JANUARY 17th 1975

Kick Off 7.00 p.m.

Tonight we give a good welcome to the officials and players of our old friends from Oldham to Craven Park. As we did not meet them last season we cannot compare records but in the 1972-73 season they ended up one up on us as they beat us at Oldham in the Challenge Cup but in the League we ended up all square both teams winning on their own grounds. When you look back over the records for that season you find that we have only four or five of the players of that season who are currently playing in the present team.

Oldham have a good team as their position in the league shows because you cannot be second from the top unless you have a good team which can win matches for you, in Murphy they have quite a good full back and I think he must be congratulated on his selection for the English team to play in France, and I am sure that our spectators will wish him the best of luck, whilst on this subject our own congratulations are due to John Cunningham who was selected for the shadow team, and I am sure that everybody will be hoping that he manages to get a place in the team before the date of the match.

There could be quite a good battle between the respective stand offs as we have Warren Ayres, whilst they have David Treasure, both of whom are really good which should prove very interesting, on top of that they have a good set of backs plus some useful forwards, although some of these in the past few weeks have either dropped out or been transferred to other

clubs, but that does not alter the fact that they will be hard to beat so our own forwards will have to continue as they have been doing in the last few matches.

Our match against Whitehaven was a real hum dinger with the first half being just what the people want, but in the second half they just seemed to canter along, allowing Whitehaven to come back into the game but as things turned out it was O.K. It would be a tragedy to pick out any player for special mention as they all did their part, and the tries that they scored were really worth going a long way to see with the one by Clegg being the best which makes you wonder why this player has not scored more tries than he has because the way he weaved in and out among the opposition on this occasion he surely can do it again. It was a real treat to see the people supporting the team again which proved that if they get some good football (which everybody will agree they have produced) they will come back.

The draw for the first round of the Challenge Cup favoured us with a home draw against Workington the date when we play them is not yet known. If we play the same in this tie as we have been doing more so when we played Workington at Craven Park then we should be in for a good game of Rugby with a possible chance of going into the bag for the second round draw.

MATCH BALL DONORS.

Our match ball for tonight's match has been donated by a person who wishes to remain anonymous, so to this person either it being a lady or gent we must give our thanks.

KNOW THE GAME.....

DUTIES OF REFEREE AND TOUCH JUDGES.

REFEREE INJURED:- When a Referee is unable to continue he should appoint a substitute, preferably a neutral Touch Judge. If the Referee is not able to appoint a substitute, the respective captains should mutually agree, failing which the Touch Judge with the greater experience should take control. If the injury sustained by a Referee renders him incapable of blowing his whistle to stop the game, the latter shall be deemed to have stopped at the time the injury was sustained.

CONSULT TOUCH JUDGE:- Before giving a decision, it is permissible for the Referee to consult either or both Touch Judges.

PLAYER RETURNS TO FIELD OF PLAY:- A player who has temporarily retired from the game must seek permission of the Referee or Touch Judge before re-entering the field of play and such permission must not be given while the ball is in play or is being brought into play after a tackle.

CAUTIONS:- A caution may be administered to a team as a whole in which case each player is considered to have received an individual caution. When a final caution is given, the nature of the offence and the time must be recorded by the Referee and must be quoted if the player is subsequently dismissed.

DISMISSED PLAYER:- A dismissed player can take no further part in the match, nor shall he be permitted to take up a position near the playing area where his presence is likely to provoke further incident.

CHANGING PLAYERS POSITION:- When administering a final caution to a player who has persistently committed breaches of the Laws, the Referee shall advise the player's captain so that the latter may, if he so wishes, change the player's position in the team.

PLAYING AREA:- Where there is no actual enclosure, the area of control is that within the natural boundaries of the field in which the playing area is located.

HARRASSING REFEREE:- If a Referee or Touch Judge is assaulted or unduly harassed by any person arising out of his control of a match, he should submit a report to the appropriate League even though such incident occurs after the match is ended.

As space has beaten me I will continue with the rest of the Referees duties in our next programme, and as a final fling may we offer our congratulations to Bill Oxley on his appointment as manager of the English team, and let us hope that he is lucky and returns as the winning manager, so to you Bill ALL THE BEST.
