JOHN CROSSLEY (York)

With less than half of the season gone, York's JOHN CROSSLEY is over halfway to two try scoring records.

His current total of 19 touchdowns in all competitive matches so far this season puts him well on the way to the York Club record of 34 tries, set by Geoff Smith in 1962-63.

All but one of Crossley's tries have been in League matches, leaving him only 8 tries short of the Division Two record of 26 touchdowns set last season by Oldham's Geoff Munro.

JOHN PLAYER TROPHY

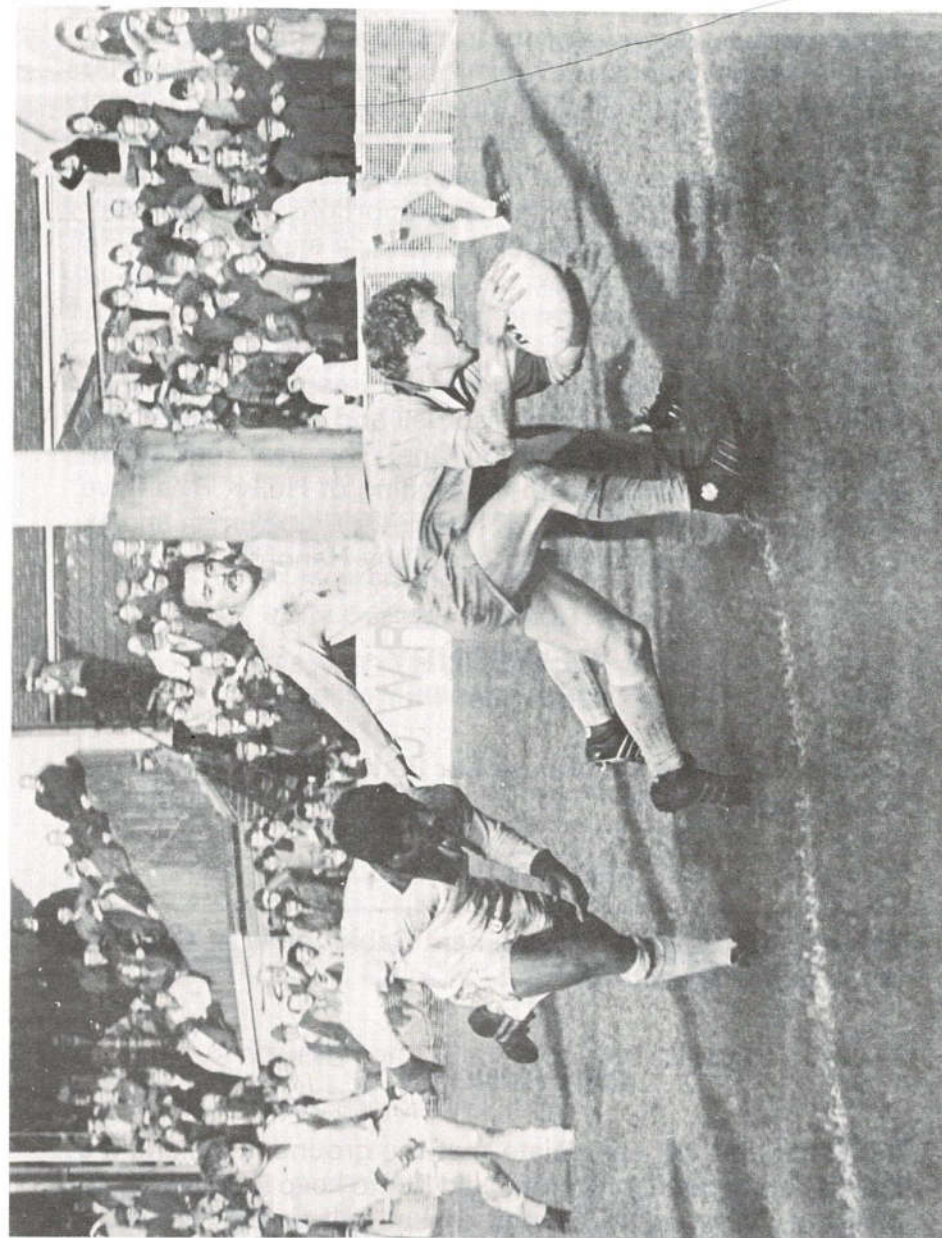

Highest score between professional clubs:

Hull K.R. 67 Oldham 11, First Round, 24th September, 1978.

WELCOME TO SHEFFIELD UNIVERSITY + YORK INL

The two teams competing in todays curtain raiser in the 1st Round of the John Player amateur 7's are coached by Fred Lindop and Spen Allison respectively. We hope they have a good game and appreciative audience. The editor tries to remain neutral. So wishes the winner all good luck in the next round.

OLDHAM

We extend a warm welcome to players, officials and supporters from Watersheddings. Fresh from a good victory over the mighty Bradford Northern they travel over the hill looking to consolidate that form. Despite the two points on Sunday, they have still an uphill struggle for survival with every match taking on test match proportions - a similar feeling we experienced last term. So today's encounter will no doubt be a welcome break and with all this in mind should provide us with an absorbing game.

Never backward in their outlook the imaginative signings from Union last year of Bob Mordell and Adrian Alexander started their surge into Division One. This year their team-building has continued with the signing of Hull K.R.'s Clive Sullivan and Brian Lockwood, Hunslet's Mick Parrish and ex York players, Geoff Clarkson and Tony Handforth.

CHANGING ENDS

I am sure you will appreciate that the ground is looking it's best for some time, and we would like to keep it that way, so please if you want to change end at half time - DO NOT WALK ACROSS THE GRASS.

Graham Eccles. Now in his twelfth season at Leeds, Graham is another locally born player who was signed from the Market District Boys Club in Leeds. Tremendous tackler and a strong-runner who always plays well above his weight. Played in both Challenge Cup Final wins by Leeds in 1977 and 1978.

Graham Joyce. One of the latest recruits to Leeds, Graham moved from Bradford Northern to Headingley in November 1978 and soon established a regular position in the pack. Similar in style to Eccles and another dependable defensive forward. Has scored four tries for the team and played in twenty two games including the Premiership Final last May.

Phil Cookson. Second row or loose forward. Speedy back row forward who was sought by several other clubs at the time he signed for Leeds from Junior Rugby League in the Featherstone area in the summer of 1968. Yorkshire County player and Great Britain Tourist, and a useful left-foot goal-kicker.

Mick Crane. Loose-forward. Formerly a centre and then a loose-forward with the Hull Club, Mick followed the path of his friend Mick Harrison when he moved from Hull to Leeds in 1978. Since that time he has played some fine games in the blue and amber colours, and his speed on attack, and cover tackling in defence, have been prominent features of his play. Scored eight tries in twenty eight games last season.

JOHN PLAYER TROPHY

Today we start our JOHN PLAYER TROPHY campaign. The Competition, now in its 10th season and more popular than ever, is the Rugby League's longest running sponsored event.

This year it is starting a little later than usual - due to the New Zealand tour - but its attractions and prize money are as great as ever. Once again the £40,000 tournament will have the bonus for supporters of offering two cup games for the price of one in every round with the amateurs providing "curtain raisers" 30 minutes before the kick-off in the John Player Amateur Sevens Trophy, now in its second season.

Success in today's first round will result in the club going forward to the second round to be played over the weekend of 6th and 7th December. The draw for that round will be held next Monday morning (24 November) at the crack of dawn -7.50a.m. to be precise - at the studios of BBC Radio Leeds. It will also be broadcast on other local radio stations throughout the day.

Announcing the 1980-1981 John Player Trophy competitions, Mr. David Way, Special Events Manager of John Player and Sons, said recently: "This is the 10th year of the John Player Trophy and our 14th year of association with the sport. It is the second longest running sponsorship in the John Player calendar. this reflects our confidence and enthusiasm for the game. We have endeavoured to keep the Trophy competition fresh and exciting and we feel that the combination of a full senior 13-a-side game and the pre-match sevens gives Rugby League fans a bargain. Entertainment is the name of the game and I hope that John Player Trophy games will provide that in plenty in the coming season";
