Only three weeks of the League campaign remaining and another classic finale to the Rugby League season is in store. The fight for the First and Second Division Championship prizes of £20,000 and £10,000 could not be keener and are unlikely to be settled until the last match. Widnes have led the First Division race throughout and at one stage were nine points clear, but their lead has gradually been eroded and they now face a stiff challenge from St Helens, Bradford and Wigan.

In the Second Division our recent run of poor results has left Wakefield, Oldham and Featherstone with little competition for the promotion places but a real fight for the top spot. Another ten clubs are now jockeying for position in an attempt to challenge for the Premiership Finals at Old Trafford on 15th May.

In the Silk Cup the appearance of Wigan will ensure a capacity crowd at Wembley on 30th

April and a repeat of last seasons exciting clash can be expected.

As for Sheffield Eagles everyone is looking forward to our big day at Bramall Lane of 10th April and the eagerly awaited clash with Doncaster.

DICK PEPPER'S TIT BITS

Ellery Hanley made his peace with Wigan coach Graham Lowe and returned to the Wigan side which beat Salford 34-4 at Bolton in the Cup semi-final. Hanley has yet to play at Wembley.

Assisted by Alan Tomlinson, Great Britain Colts beat their French counterparts 18-6 in the St. Helens mud. Tomlinson had a quiet game, making only seven visits to the field, but managed to tend two broken bones in that time.

Great Britain Under 21's were beaten 8-4 by the French Espoirs immediately following the Colts game.

Eagles' 1988 Player of the Year Dinner will be held at The Hallam Tower Hotel on 13th May, 1988.

Castleford's recent 76-16 win over Swinton was their biggest ever victory over a professional team. Bob Beardmore's ten goals in the match gave him a career total of 500.

All 42,000 seats have now been sold for the Challenge Cup Final at Wembley between Wigan and either Hull or Halifax.

Non-Destructive Testing Inspection Training for Steelworkers leaving United Engineering Steels

Ruane Technical Services provides training courses in inspection techniques that have already allowed many ex-steelworkers to find good jobs, both in and around Sheffield and throughout the country. Non-Destructive Testing is a growth area and the employment prospects for inspectors, with the qualifications which can be gained through our courses, are excellent.

Previous experience and qualifications are not required as the courses we can run are approved as being a proper and sufficient preparation for the leading approval schemes. To date 100% of the students completing our retraining courses have gained qualifications in NDT.

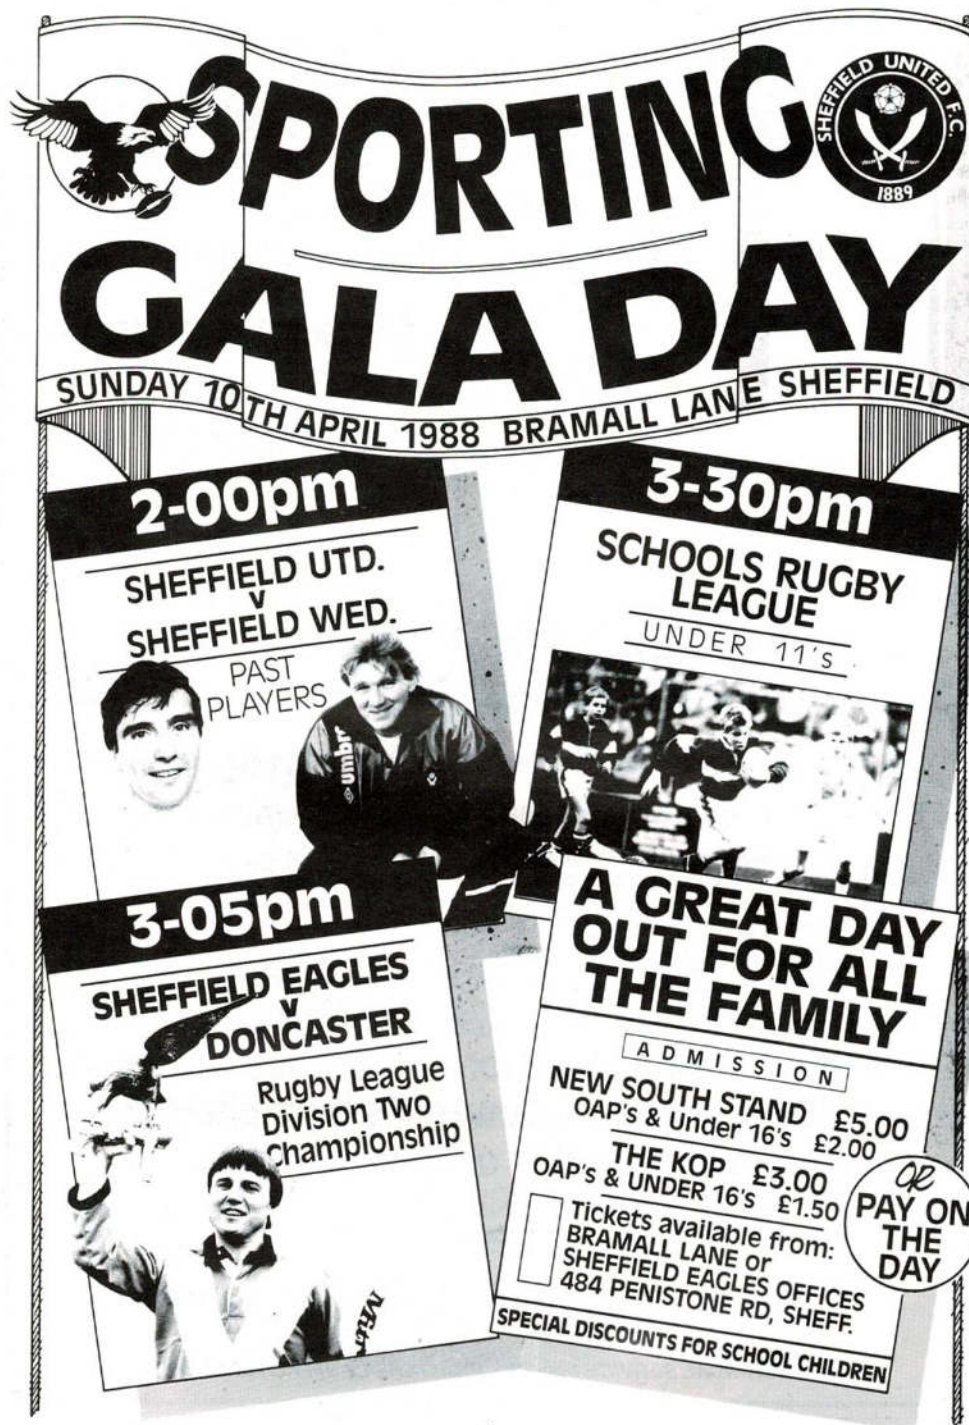

**Steelworkers accepted for our courses will receive
EEC benefits and allowances throughout the
training period of up to 43 weeks.**

Any steelworker who is leaving the steel industry and who is interested in finding out about a career in Non-Destructive testing and the courses run in our centre in South Yorkshire should contact

Today we play our last home league match at Owlerton, our final home fixture having being transferred to Bramall Lane. A tremendous amount of work has gone into what we are sure will be the sports gala day of our season. Our local derby with Doncaster will prove to be as entertaining as ever, with supporting events Sheffield Wednesday and Sheffield United past players providing a curtain raiser, Schools Under 11s rugby league and at half time of the Eagles match there will be a sprint event with all the local professional clubs being represented. To justify all the hard work that has been done, help the Eagles by bringing along your family and friends to a very entertaining day at Bramall Lane.

The Boxing Dinner Evening at the Bailey Suite, Rotherham was an outstanding success and preparations for a similar evening in October are already underway.

Our next event is our Player of the Year Dinner Disco at the Hallam Tower Post House Hotel on Friday, 13th May, this promises to be an excellent evening and tickets are now on sale at the Main Office

History of Rugby League by Richard Pepper

No. 31: 1923-24 – Following pressure from the New South Wales Rugby League, the Rugby Football League called a special meeting on 12th July to discuss the recent removal of the two year residential clause. Warrington had advertised for players in a Sydney newspaper and Wigan, Oldham, Hull, Leeds and Huddersfield were known to be interested.

The conference of NRL clubs voted by 15 to 11 to reimpose the ban on Colonial players and reintroduce the two year residential clause. In August, John Wilson, speaking at a meeting of Castleford RL club, suggested that they should apply to join the NRL next season, and he personally had not the slightest doubt that they would be accepted.

The first round Rugby League Cup draw was published with the last tie shown as Salford v Hunslet. The next day it was announced that Hunslet had protested at the draw. The draw was made by using 32 cardboard discs the size of a shilling. The Hunslet disc had been drawn out unnoticed with Swinton's and it was not until the end of the draw that it was obvious that one disc was missing. When it was found amongst those already drawn, Hunslet were placed last. The club considered that the whole draw should be made again.

The Cup Committee met and, after considerable discussion, decided that the draw must stand. Hunslet said they would appeal to the Rugby League Council. The Council asked Salford to toss with Hunslet to decide the choice of ground, but they refused and so the Council also decided that the draw must stand. Hunslet won 8-6 and progressed to the Quarter Finals where they were eventually beaten by Wigan.

On 31st March, at Featherstone, Brough of Oldham ran 75 yards to score. The referee awarded a try, but then found out that not only had Brough stepped into touch, but had also laid out the touch judge who was carried off the field. The try was disallowed.

The following day, the Castleford application to join the Northern Rugby League was turned down at a meeting at which all 27 clubs were represented. The attendance at the Cup Final, held at Rochdale, exceeded 40,000 and the crowd spilled onto the cycle track to avoid being crushed. The referee took the players onto the field to assist mounted police to clear the lines and the game started with police cantering the length of the touchlines to keep them clear.

Wigan won the match against Oldham by 21-4. Batley and Wigan, the respective County League champions, fought out the Championship Final at the Cliff, Broughton, with Batley emerging triumphant. Hull and St Helens Recreation triumphed in the County Cups.

Britain toured Australia in 1924, Jonty Parkin of Wakefield captaining the side. Britain won the Australian series 2-1, but surprisingly lost 1-2 in New Zealand. Britain had two players, Bennett and Gallagher sent off for fighting in the Third Test in Australia, which they lost. The Australians, and later the New Zealanders, used substitutes to replace injured players. The Rugby League tour managers refused to follow this practice. The Australians said that it had always been a rule in Australia to substitute a player injured in the first half, and this rule was necessary because of the hard grounds.

Match Preview - Oldham

The scene is set for a classic confrontation between two teams desperate to win. Oldham cannot afford to lose another match if they are to win the Second Division Championship whilst the Eagles are equally determined to secure the fourth spot and gain a home tie in the play-offs.

When the teams last met at Watersheddings in October sixty four points were scored. This tally is unlikely to be repeated today but both teams are capable of scoring from any part of the pitch and Oldham are now producing the kind of form expected from their star studded line up.

A LOOK AT OLDHAM

It came as a shock when Oldham were relegated at the end of last season. They had been one of the early season leaders, came closest to defeating the all conquering Australians and had knocked Wigan out of the Silk Cut Challenge Cup, but a string of defeats at the end of the season sent them tumbling into the Second Division.

However, the new Board of Directors acted quickly by appointing a new coaching team of Eric Fitzsimmon and Australian Mal Graham. Their first signing was £65,000 Paul Round from St Helens and he has proved to be an outstanding success. More recently scrum half Mike Ford was bought for £60,000 from Leigh as the men from Watershedding aim to gain promotion in style.

Other big names in the Oldham line up include ex-Widnes Fullback Mick Burke, Hugh Waddell, the current Great Britain Prop and Charlie McAlistar the exciting Moiry wing or centre.

Offiah Nears Record

Martin Offiah needs one more try to equal the Widnes record of 34 tries in a season. The record was set by stand off, Frank Myler, back in 1958-59 and the former Rosslyn Park RU winger is about to reach it in his first season of Rugby League.

Offiah took his club total to 33 with three tries in the 32-6 Stones Bitter Championship home defeat of Leeds on Sunday. It was his second hat-trick.

He has also scored a try each for the Rugby League Chairman's XIII and Great Britain to head the chart with 35 touch downs — the most by a winger since Maurice Richards of Salford scored 37 in 1975-76.

Today Owlerton Stadium hosts the two Finals of the Indesign Under 14s Sheffield and District School Competition. At 2:00 p.m. the Shield Final is the culmination of a competition between first and second round losers and at 4:30 p.m. the Final of the Trophy promises to be a thumping good match between Kirk Balk or Chaucer and Ecclesfield or Hurlfield.

No less than twelve teams have contested this years competition and Owlerton has already witnessed the vast improvement in playing standards over the past twelve months. Results from the earlier rounds:

Hurlfield	50	6	Norfolk	City	52	12	Colley
Oakwood	24	6	Hinde House	Kirk Balk	22	18	City
Chaucer	12	10	Oakwood	High Green	6	30	Ecclesfield
Tapton	12	28	Hurlfield	Colley	40	6	Norfolk

The competition has been played Under 11 a side modifield rules on a pitch scaled down to size and has proved to be a resounding success. In earlier rounds teams were allowed an unlimited number of substitutes to give all the lads experience and this caused a headache for one teacher who had a squad of 27 to choose from! It will be well worth staying on after the main match to enjoy 40 minutes of schoolboy entertainment.

Don't miss the big day at Bramall Lane on 10h April when the Under 11s from the four South Yorkshire cities stage exhibitions 8 a side matches, kick off at 3:05 p.m.

DEVELOPMENT EXPRESS

Development Officer, Tim Butcher assesses his first five months in Sheffield and District

When I first began the job of helping to develop Rugby League in Sheffield, I knew this was a soccer-dominated city but I'd really no idea of the extent of the obsession. Only when I'd met school children who'd never even heard of Rugby League, let alone touched a rugby ball could the real task of establishing an alien sport be understood.

Those of us now who are involved in Rugby League in Sheffield have two things going for us. Firstly, the Eagles happens to be a forward looking progressive club who see the future in the youngsters of the city. This is the only way that Rugby League can be firmly established in the long term. Secondly, we have the best product in the sporting world, both for spectators and participants. Rugby League is the best, the fastest, most physically demanding team game in the world, whilst at the same time it is simple to play, and develops skills and perceptions amongst children that no other sport can do. For these reasons we have every justification for being optimistic for the future.

The current schoolboy's competition has involved around 200 boys in playing competitive Rugby League for the very first time. The standard of play you shall see for yourself today. What is really heartening is the sheer enjoyment of the youngsters involved. The satisfaction of being asked by boys from a team who have just been well and truly beaten, 'When can we have another match' is immense. To drop in on a school teacher who is out on the field playing Rugby League with a group of lads in school time, or to be told by a lad in a traditionally soccer centred school that 'we don't take Rugby seriously enough at this school!' is reward enough for a lot of late nights and wet tracksuits.

There can be little doubt that the youngsters of Sheffield (and yes this includes girls as well), can play well and thoroughly enjoy Rugby League. That they should be given the chance to do so seems the major objective ahead. The more wide a range of sports a child can experience, the better for his development, and it only seems right that Rugby League should be included in that range. The Development Association is not a machine for churning out professional sportsmen but within the schools there is certainly a wealth of talent and it is up to us to nurture and enjoy that talent in the years to come.

Under 11's - classic action from the Leeds v Warrington schools curtain-raiser at Wembley last season, when tremendous skills were on show.

WHO WANTS TO BE A REF?

Remember all the unkind things you have said about referees regarding their eyesight, fairness and parentage? Remember thinking that you know the rules better than half the referees active in Rugby League today? Well now is your chance to put your whistle where your mouth is. With the current upsurge in schools Rugby League there is going to be a great demand for people to take charge in the middle starting from next season.

Sheffield currently has only one active referee, the very much in demand, Kevan Key, and we need plenty more like him. The programme is nice and gentle. Starting off by running touch for an observing and experienced referee, then handling your own match under supervision, accompanied by lectures and talks on the laws of the game. For the ambitious there is plenty of room at the top - fancy refereeing at Wembley? Whatever your ambition you'll virtually be helping the spread of Rugby League throughout South Yorkshire for the benefit of the youngsters coming into the game.

If you think you can lend a hand, and do something that is worthwhile and satisfying, contact Tim Butcher on Sheffield 337664.
