A huge welcome to today's visitors from across the Pennines to Directors, Players and Supporters alike. This afternoons 'War of the Roses' Cup promises to be a real 'battle'.

With both teams obviously finishing top in their respective tables and only 3 points separating them in the Division 2 chase, they are the in form teams.

Batley are looking to frighten Oldham to a defeat by looking at loose forward Paul Harrison. Not a pretty sight after breaking his nose and knocking out a tooth in last weeks clash with York or should I say clash with Roger Simpson's head.

David Ward along with his coaching staff have worked tremendously hard with the lads to ensure Batley have a place in this final and today I hope we get the result he deserves. Although Oldham may have a few things to say about that.

Team spirit is riding high at the Mount and this showed last Saturday. It started with the teams training hard alongside Batley Boys Juniors followed by a bowls competition and a barbeque. It seemed an enjoyable time was had by all!

Full marks to our groundsman Eric Abbott who has put in extra time this week to make the pitch look well worthy of a final also a big thank you to everybody working behind the scenes this week too many to mention but you know who you are and we couldn't do it without you.

Lets get back to today's game.

Throughout the season teams have been beating each other. It was Oldham's turn at Boundary Park earlier this year lets hope it's our turn today. Good luck to both teams

*Enjoy the game

WARDY'S WORDS

It was a very emotional day both for me and the players after the York game which I had previously described as being like a semi-final. The way the players were greeted after the match as they made their way into the dressing rooms was excellent to see and made a big impression on them. After the match to be then presented with medals for their achievement completed the day and was the icing on the cake.

The last final I was involved in was 10 years ago with Hunslet at Old Trafford which was a special day for me and the players but today's game at 'The Mount' will be no less special and we aim to go one step better than then and win the Cup. We can enjoy the build up and the after match activities but as far as the game is concerned we are not in it to make up the numbers and we need to be focused and show a mental toughness to win the game which will then also set us up for the promotion battle ahead.

It's great to see that we are playing Oldham in the final. We have had our troubles and Oldham have certainly had theirs and for them now to be competing without any News Corporation monies is a tremendous achievement and they should be proud. Make no mistake we are proud as well. One nice feature of both clubs is that our board and myself are Batley lads and the Oldham board and their coach Paddy Kirwan are Oldham lads and so we all know about pride in our local town.

It was clear when we played Oldham away that they were a good side although that day if a couple of things had gone our way we could have come away with a victory. It was not to be and since then both teams have improved, which should make for a cracking final and it should also set us up for a return game here in August. Oldham qualified on points difference and our close game against York shows how intensely competitive this division is and so prepare yourselves for the 'WAR OF THE ROSES'

Wardy

WAR OF THE ROSES ITINERARY

- 1.00pm** Batley Academy v York Academy
- 2.30pm** Pre-War Entertainment by Spen Valley High School Samba Band
- 3.00pm** Both Teams emerge for Battle led by Bob Scott of FASDA.

Lord Lofthouse

John Etty

Mayors of Kirklees and Oldham
- 3.15pm** War of the Roses begins
- 4.50pm** The battle is over, both teams presented with medals in the Heritage stand, the victors receive the cup.
- 5.00pm** Both teams do a traditional lap of honour before returning to dressing rooms to repair battle wounds
- 5.30pm** Man of the Match Awards presented in Balcony Lounge at Taverners

Batley Bulldogs Pen Pics

David Ward - Head Coach and Director

As a player David had a distinguished career with Leeds as a hooker and Captain. He also has twelve caps for Great Britain. He started his coaching career in 1986 with Hunslet and during his spell there they became Champions of Division 2 and were beaten finalists in the Division 2 Premiership. He was then Coach at Leeds before taking up his first spell at Batley between 1991 and 1994. His last appointment as Coach was at Featherstone Rovers before commencing his present spell in time for pre-season training this year. As a Batley lad he is a popular choice of Coach among players and supporters alike and is well respected such that he has been invited onto the Board of Directors at the club.

Roy Powell - Prop/Second Row

Roy has joined the Club this season from Featherstone Rovers and was immediately made Club Captain which he appears to be relishing. He played on 29 occasions for Featherstone last season and also had a long and distinguished career with Leeds. Whilst at Leeds he won a total of 19 caps for Great Britain as well as 5 caps for Great Britain Under 21's. He is well known for his defensive qualities and is a Batley lad.

Roger Simpson - Centre/Winger/Stand Off/Full Back

Roger signed for Batley in January 1996 as part of a deal which saw Glen Tomlinson transferred in the opposite direction to Bradford Bulls. He has recently had a testimonial as recognised long service at Bradford Bulls during which time he received one cap for England against France in 1995. He has now played some 40 games for Batley scoring 21 tries and is still capable of going the length of the field.

Simon Jackson - Full Back/Centre

He signed for the Club in June 1995 having previously played Junior and Amateur Rugby League for St. John Fisher. He is a product of the Academy Team at Batley. He broke into the First Team last season and has now established himself as a regular member of the First Team Squad at the age of 21.

Lee Bargate - Wing/Centre

He is in his second spell at the Club having initially signed from Middleton Amateurs in 1990. He then went to Featherstone Rovers being persuaded back to Batley by David Ward.

Carl Gibson - Centre/Winger/Full Back

Carl is another player in his second period at the club. He initially signed as a junior before transferring to Leeds in 1990 for a record £50,000.00. He then moved to Featherstone Rovers before re-joining Batley in 1996. He has played eleven times for Great Britain as well as some 144 times for Batley scoring 86 tries. He is a Batley lad born and bred.

Paul Gleadhill - Winger

Paul came to Batley with David Ward at the beginning of this season having previously played at Featherstone Rovers. As a speedy and elusive Winger he is already making his mark at the Club by getting on the score sheet. Last season he played 22 times for Featherstone scoring 13 tries.

Steve Walker - Centre/Winger/Full Back

Steve signed from Dudley Hill Amateurs in 1992 and since then prior to this season has played 103 times for Batley scoring 48 tries and 16 goals. Last season he played on 22 occasions and scored 11 tries and 10 goals.

Batley Bulldogs Pen Pics

Nick Simpson - Centre

A tall and strong centre who came to Batley for a trial when he moved into the area as a student. Has had a chance in the First Team. He is learning the game in the Alliance, may feature again in the First Team squad this year and is a name to look out for in the future.

Andy Wray - Prop/Second Row

Andy is on loan from Featherstone until the end of July 1998. He is another player persuaded to join Batley by David Ward and having impressed in the early Alliance games has now broken into the First Team Squad.

Grant Miers - Second Row

Grant played for Oulton ARLFC when we played them in the R.L. Cup this year and had a fine game. He came to Batley for a trial and due to his high work rate now established himself as a regular. An Australian by the way.

Richard Price - Stand-Off/Goal Kicker

Richard signed from Sheffield Eagles in 1996. Last season he broke the Clubs point scoring record in 31 appearances scoring 22 tries and 110 goals making a total of 308 points. He has also previously played for Hull during which time he played twice for Great Britain Under 21's.

Gary Barnett - Scrum Half/Loose Forward

Gary signed from Bramley in 1995 and by the end of last season had played on 61 occasions scoring 16 tries. He was one of the most consistent players last season playing in 25 games and scoring 9 tries.

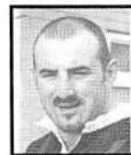

Mark Cass - Scrum Half/Hooker

Mark signed from Hull in 1992 having previously played amateur Rugby League in Middleton, Leeds. A past Batley Player of the Year, up until the beginning of this season he had played 139 games for Batley and scored 35 tries and a drop goal. Last season he played on 27 occasions scoring 10 tries and a drop goal.

Chris McWilliam - Prop

Chris is an Australian of Scottish descent who signed for Batley in 1994 having previously played for Ovenden Amateurs and Keighley Cougars. Due to injury and a dispute with the previous Board he did not play last season but has now returned to the Club under the new regime and coaching staff and no doubt will now lead from the front. He has previously played 57 games for Batley scoring 8 tries and a drop goal.

Graham Middleton - Prop/Second Row

Graham joined Batley from Leeds in 1993 and prior to the start of this season had made 60 appearances scoring 7 tries. He is another player who due to a dispute with the previous Board did not play last season but under a new Coach and Board he has now re-joined the Club and has immediately made his presence felt in the First Team Squad.

Batley Bulldogs Pen Pics

Tony Walton - Second Row

Tony joined the Club from Doncaster in 1993 and up until the start of this season had made 104 First Team appearances scoring 19 tries. Due to injuries he played on only 16 occasions last season scoring 3 tries but should play a major part in the First Team Squad this season.

Paul Harrison - Centre/Second Row/Loose Forward

Paul joined the Club from Hull in 1994 and up until the start of this season had played on 71 occasions scoring 21 tries. Due to a dispute with the Club he did not play last season and eventually went to York but has now re-signed for Batley and is relishing his new role as a loose forward having previously played mainly as a centre and on occasions in the second row.

Jonny Morgan - Second Row

Jonny had joined the Club this season as yet another recruit from Featherstone Rovers having previously played for Doncaster. He has quickly established himself in the First Team Squad.

Neil Bradbrook - Second Row

Neil joined the Club last season from Hunslet Hawks having previously played for Doncaster and Featherstone Rovers. He played on 6 occasions at the end of last season and after him performing well in the Alliance he is now a member of the First Team Squad.

Mark Scott - Hooker/Prop

Mark is a Batley lad having played for Batley all his career after signing from Batley Boys Amateurs in 1984. Prior to this season he had played a total of 172 First Team games for Batley and scored 41 tries. He only played 3 games for the First Team last season but now seems to be back in form and if he stays clear of injury he should yet again be a valuable member of the First Team Squad.

Jeremy Dyson - Fullback

A local lad from Dewsbury who did not play last season but was persuaded back by David Ward. Initially started in the Alliance but after impressive games was rewarded with a First Team call and has seized his chance to now be part of the First Team Squad and is presently in top form.

Richard Hewitt - Utility Player

Richard joined Batley last season having previously played with Doncaster and has already shown his versatility by playing on the wing and in the forwards.

Darren Hughes - Centre

A powerful strong running experienced centre who last season played at Featherstone and in 20 appearances scored 14 tries. Has already notched up a hat-trick against Bramley this year at Batley and is dangerous especially near the line.

Nigel Craven - Stand Off / Scrum Half

A local lad from Batley who will never let any team down. Has had excellent games in the Alliance and has recently broken into the First Team Squad and has already got on the scoresheet.

Phil Mirfin - Second Row/Loose Forward

Phil joined the Club from Castleford in 1995 and is another player who did not play for the Club last season due to a dispute but has now returned after impressive games in the Alliance and is again part of the First Team Squad.

The Rebirth of a Great Club

by Oldham programme editor Geoff Cooke

On Monday 27th October 1997 I was the last person to speak from the floor to recommend that the shareholders vote to wind up Oldham Bears R.L.F.C. as the club's dept at that time was £1,198,908 the shareholders bowed to the inevitable. I was wearing a black tie at the time as a symbol of the loss that all Oldham supporters naturally felt.

Also present at the meeting was Christopher Hamilton and a group of Oldham businessmen comprising Melvyn Lord, Sean Whitehead and Stuart Hardacre. Little were those shareholders present that day to know that within weeks they would be attending another meeting celebrating the launch of a new Oldham Club. A turn-out of over 600 at this meeting and shortly there after at a fund raising dinner gave grounds for optimism. But the question was: Could Oldham put together a team in time to meet their targets of a Law Cup match against Rochdale Hornets on New Years Day and entry into the Silk Cut Challenge Cup later that month?

The first step was the appointment of a coach. Paddy Kirwan was a universally popular choice, being a former Bears Alliance Team coach, the head of Oldham's Challenge Cup defeat of Wigan in 1987 and a member of the family which, like a good stick of rock, has Oldham running right through. Paddy appointed as his assistant Mick Coats, a coach highly respected in local amateur circles and one with a track record at Saddleworth Rangers which was second to none.

But what of players? First to sign was local lad John Hough, a hooker out of Waterhead with considerable experience of Super League football at Warrington Wolves. Again the Houghs have Oldham in their veins, Uncle Mick having given stalwart service to Waterhead and, late in his career, having seen professional service with Mansfield Marksman where, I am led to believe, a young John Hough had been known to sell programmes with much burning of midnight oil, by the turn of the year Chris Hamilton, his directors and dedicated secretary Michele Fitzpatrick and honorary marketing man Brian Walker had signed up enough players to take on the

Hornets at Spotland.

Would the team be good enough? The answer was a resounding 'yes' as Oldham, playing on pure adrenaline, defeated their First Division neighbours 36-16 to lift the Law Cup, thereby winning a trophy in their first match. What was even better was that in an attendance of 3,097 over 2,000 were Oldham fans. There followed entry to the Challenge Cup and a preliminary round victory over Heworth by 36-14. But before anyone could get too euphoric defeats at the hands of Hunslet in a friendly and Widnes in the cup soon restored a sense of reality.

Further shrewd recruiting followed in time for the start of the Second Division season.

Due to open with a home fixture against the powerful Lancashire Lynx on Good Friday, fate in the form of torrential rain caused the post-ponement of what would have been a glorious re-birth. Instead it was to be at Workington on a snowy Easter Monday that the 'new' Oldham made their league debut. Over 700 fans journeyed to Derwent Park to see their heroes register a 22-18 victory. Oldham were back!

The season since has had its inevitable ups and downs, but considering that to have a team at all is a bonus the ups outnumber the downs, especially considering that an appearance today against Batley in a Cup Final is beyond the wildest dreams of any Oldhamer contemplating the Rugby League scene in November 1997.

The players who have made this possible and who are likely to feature in today's game include, at fullback, Steve Wilde a former Saddleworth Rangers and Waterhead player who is always likely to burst through strongly from the back. On one wing will be Richard Darkes, one of a contingent of Bradford Bulls players to join Oldham after the Bulls disbanded their Alliance side, a forthright and powerful player who takes a lot of holding. On the other wing you can expect to see leading scorer Chris Eckersley. Another former Saddleworth Junior, Chris originally signed for the previous Oldham club who, being unable to fulfil his contract, released him to Warrington Wolves. Like John Hough, Chris

The Rebirth of a Great Club

continued

was a victim of the Wolves wholesale clearout at the end of last season. It speaks volumes for the player after his bad experience with the former club that he was prepared to sign with his home town club under the new regime. Chris is a real flyer with the ability to score long range tries.

At centre Afi Leula, the only former Oldham Bear to sign for the Roughyeds, will be hoping to have recovered from injury after his three try performance against Workington. Now striking his best form, Afi is a very exciting attacker. Leula's partner in the centre will be Bradford Bulls former Alliance team captain, the cultured Sean Cooper. A classy centre who reads the game expertly Cooper is also an ex-Saddleworth man.

At halfback ex-Leigh goalkicking stand-off Chris Wilkinson has recently displaced former Oldham Bears Academy star Craig Barker. Vastly experienced, Wilkinson actually played Colts football with Oldham a decade or so ago. Scrum-half Neil Flanagan bears a name forever associated with Oldham teams and is an inspirational captain who leads from the front. Starting with St Anne's, Flanagan signed first for Oldham before moving to Huddersfield and then Rochdale. Targeted by Paddy Kirwan to lead his fledgling side, Flanagan is ever present this season and has fully justified his coaches' confidence.

Vying for places at prop will be Andrew Proctor, Paul Round, Jason Clegg and Mick Edwards. Proctor is a recent acquisition from Wakefield Trinity. He usually gets through a mountain of work in both attack and defence and has already proved a valuable addition to the squad. Paul Round is a living legend in Oldham. The most expensive player ever to sign for an Oldham team (£65,000 in 1987) Round made 111 appearances after signing from St Helens. Gaining further experience at Wakefield, Halifax and Castleford, Round was semi-retired (he was actually playing with Oldham RU) when he volunteered his services to the new Oldham Club. An inspiration to his younger colleagues and enormously popular with the fans, Round tends to be used as an

'impact' player. Jason Clegg is another ex-Bradford player who has actually had trials at Batley. Signed to add weight and 'presence' to Oldham's pack, Clegg can be devastating when used in short bursts. Never-say-die Mick Edwards, who started life as a scrum-half, has played above his weight all season and has carried off several man-of-the-match awards. A barnstorming attacker and tenacious defender, Edwards loves nothing better than scoring tries, another player who has returned to play for Oldham after spells with Swinton and Salford.

As already mentioned the wily John Hough will feature at Hooker where his duel with Mark Cass will be a highlight of today's game.

Oldham's second row will comprise, at various stages, Graeme Shaw, Ian Sinfield and Nathan Varley. Shaw, whose father was part of a magnificent goal-scoring strike force with Jimmy Fryatt at Oldham Athletic, came to the Rugby Club via Moldgreen and Bradford Bulls. A willing worker he has all the hallmarks of a player from a Super League background. Ian Sinfield is another local lad proud to sign for his home town club. Ian is a former Waterhead and Salford player who is a model of solidity and reliability. Nathan Varley has the unique distinction of appearing in all of Oldham's League fixtures but of only actually starting in one. Coming off the bench Nathan, another ex-Bradford Bull, has a steadying influence on the team with his masterful tackling.

Loose-forward is Mick Martindale an Oldhamer who played for Halifax and Wakefield before re-turning home. A ball-handler in the manner of the loose-forwards of yesteryear, watch out also for his work at acting halfback in hunting down the first receiver.

Finally others who could feature today are Aidrian Mead, an Academy player with Oldham Bears, and Paul Crook, another Oldham Bear who left for Hull Sharks and is in the midst of negotiating a return to the new club. A clever ball-player Paul is the son of the former Wakefield 'Great' and now radio commentator Terry Crook.

IN THE WHITE CHAIR

Zulu is one of my favourite films and as Michael Caine would say "Not a lot of people know that."

Michael Caine, Winston Churchill, The Queen and Glen Hoddle would all have been proud of our defence last week, never mind David Ward who I am now proud to say leads us into a final today.

I was stood watching the game near where Gleaders scored his try only to be denied by the touch judge prompted by a couple of York substitutes warming up nearby. Stood next to me was Beverley on one side and Ron Earnshaw on the other and all three of us survived to tell the tale. Ron's heart by pass operation was tested to its full and thankfully it passed. There was no happier man in Batley on Sunday than Ron himself and I couldn't have been happier to enjoy that moment with him.

The crowd was poor but those present made themselves heard especially on the Long Stand terrace and everyone that waited to greet the players as they left the field.

After the game in the Taverners 22 players who took part in the six White Rose Trophy games and David Ward were presented with medals by the Club to mark their achievement.

Only 17 players can play today and receive a medal so this was our way of recognising the efforts of members of the squad who helped get us to the final.

Oldham are the team I wanted us to play in the final as I have friends and clients who are Oldham

supporters and because Oldham and Widnes have always been my favourite Lancashire teams. When we beat them in the snow was a great day for Batley and I hope it is repeated today. We agreed to let Oldham have an input in our programme so that their supporters can have plenty to read and I would especially like to thank our friend Don Yates for his contribution. He has details of every team that has played in every match since 1895 so if Rothmans need an editor they should contact him. D. C. Keith Liner should be here from Oldham C.I.D. so let's hope the only charges he sees today are from our pack charging towards the Oldham line.

There will be plenty of others from Oldham today so the Batley crowd will have a job outshouting them let's hope we're up to it. I expect to be hoarse at the end of the game. We do not have the added pressure of league points at stake today so let's all enjoy a festival of grass roots rugby league at its best and let's have a party and be giddy for the day as these occasions do not come along very often and if it takes another 46 years, I for one will be watching from that terrace in the sky and the teams may be running over my ashes scattered on the Mount Pleasant pitch. On that happy note I'll finish, save to say thank to Beverley, my wife, for putting up with me especially since November 1997 and to my Dad and Granddad who were Batley supporters, this one is for you. Last, but not least, thanks to all the players and David for bringing this special occasion to our Club.

In keeping with Batley Bulldogs' policy of including the community we have invited the Spen Valley High School Samba Band to play today. This is a newly formed group of around 30 children aged 11 - 14 years, conducted by teacher Paul O'Donoghue. The school is situated on Roberttown Road, Liversedge and the headmaster is John Cottrill.

The school specialises in Performing Arts and sports and have had a number of pupils performing in West End shows. We thank them and their supporters for coming today. They will be making a collection at half time for the purchase of much needed new instruments.

Today's Match Mascot
is George Anthony Gavaghan
who is 4 years old and lives at
Commonside.
George attends St Josephs School,

BATLEY BULLDOGS

R.L.F.C.

IN THE RED CHAIR

Today's game sees the Second Division, and particularly Oldham and Batley, take the opportunity to savour the occasion of a final and the prestige that goes with it. Without doubt the quality of the competition in the Division this year is higher, significantly so, than has been the case for a considerable period of time and it is of great credit to the players of both sides that they have made it through to the final. The format of the fixtures this year has been the subject of much debate and before the season started people wondered if there would be significant interest.

I think the fact that the six games in the Trans Pennine Cup Competition have also counted towards the Second Division Championship has meant that every team in the competition has had something to play for in every game and anything that helps to increase the playing standards and therefore the profile of the game is a very welcome bonus. The significance of the appearance of today's teams in the first final may not yet be apparent but the ongoing uncertainty with regards to next year's Second Division and the composition of it

may increase this as time goes on.

Several people have raised the question of why one club should have home advantage for such an important game. I can understand these sentiments and we would have been more than happy to have played at a neutral ground. However, when the format of the Trans Pennine Cup was discussed there was a feeling among several Chairmen that the level of support for a game played at a neutral ground may have meant that, after the deduction of expenses for the staging of the game, the finalists could have been faced with a loss on gate revenue. Added to the fact that obviously nobody could foresee who the finalists would be, the decision, a correct one in my view, was taken to toss a coin for home advantage. The justification in that decision has been borne out in the general attendances at the Clubs, Oldham excepted, since the beginning of the season.

Finally, I hope that everybody sees a superb game of rugby today, as long as the trophy finishes up travelling back to Oldham !

ON THIS DAY

Don Yates recalls this day in history

Four years ago no-one would believe that today this famous old Mount Pleasant ground would be staging a cup final, that Batley would be facing Oldham in that final, or even that we would be playing rugby league in July.

The Super League revolution brought about summer rugby and it was on this day in 1996, Friday 19th July, that Oldham entertained St. Helens at Boundary Park in Super League action. The Roughyeds were only 18-14 behind at half-time but they were overrun after the interval and crashed to a 54-18 defeat. The only player who appeared for Oldham that evening and who is likely to appear this afternoon is utility player Paul Crook, substitute then and probably substitute today.

Oldham's two year stint in Super League proved difficult both on and off the pitch. Relegation last autumn was followed by liquidation. The newly born Roughyeds began life in Division Two, alongside Batley, and today both clubs hope to climb back to former glories via this inaugural Trans-Pennine Trophy.

Saturday 19th July 1958 was a glorious day in British rugby league history. For it was on that day 40 years ago that the British Lions met Australia at Sydney Cricket Ground in the decisive third test of that 1958 tour. The Lions had lost the first test 25-8 but recovered to win the second test 25-18 in memorable circumstances. Skipper Alan Prescott (St. Helens) broke his arm in the first few minutes of that second test and four other players accompanied him to Brisbane Hospital after the match.

There were no substitutes in those days so the British victory was quite remarkable. And so to

July 19th, to Sydney Cricket Ground and the third test which attracted a crowd of 68,720. Britain played magnificently in this match, arguably the most complete performance in British test history. The Kangaroos were fortunate to be only 14-12 behind at half-time but the Lions ran riot in the second-half to win 40-17. Centre Alan Davies was the only Oldham representative in the team and he scored one try. His wing partner was Mick Sullivan, a native of the Heavy Woollen District, who crossed for another three of the eight British tries.

The British Lions were also in action eight years previously, on Wednesday 19th July 1950, although their performance on that occasion was far from glorious. That day they played the Southern Division at Wollongong and were surprisingly beaten 18-11, despite scoring three tries to their opponents two. There were two players from the Heavy Woollen District in the British line-up, winger Roy Pollard and centre Harry Street, both of Dewsbury.

Twelve months ago British Super League clubs were involved in the disastrous World Club Championship and it was on Saturday 19th July that Perth Reds met Sheffield Eagles at the WACA cricket ground. The match ended in the same fashion as most of the other games, in a resounding Australian victory, the score in this particular match being 48-12.

In 1989 Australia made a short tour of New Zealand and it was on this day, Wednesday 19th July, that the Kangaroos defeated Wellington 28-10 at the Basin Reserve ground. At loose-forward for Wellington that evening was Mike Kuiti who was later to serve both Oldham

and Batley whilst in the centre was Charlie McAlister, another former Oldham player. On that very same day, Wednesday 19th July 1989, Oldham signed the versatile Richard Russell from Wigan. During his three seasons with the Roughyeds, Russell proved to be the ideal utility player. He scored 20 tries from 125 appearances in a variety of positions including full-back, stand-off, hooker and loose-forward.

Five years later, on Tuesday 19th July 1994, it was Batley who were in the transfer market. That day they signed the former Featherstone Miners Welfare junior Paul Harrison from Hull. He proved to be a powerful and penetrative centre for the Gallant Youths before falling into dispute and moving to York. Harrison returned to Mount Pleasant earlier this season and he has regained both his form and first team spot, although he now operates from the loose-forward position.

On the day that Harrison first joined Batley, Tuesday 19th July 1994, the Sydney Eastern Suburbs club appointed Phil Gould as coach for the 1995 season. Gould was a talented player and is an even more talented coach. He led both Canterbury and Penrith to Premiership success and New South Wales to State of Origin victory. Gould has always been an ally of the Australian Super League. Twelve months ago, on Saturday 19th July 1997, he indicated his belief that the Australian Rugby League should go it alone and not amalgamate with the Super League. 'I'd tell Super League to go to hell.' he was quoted as saying.

I have a tendency to agree with him.

BATLEY - OLDHAM CUP TIES

Reviewed by Don Yates

This afternoon's historic cup final is the first final involving Batley and Oldham although these two founder members of the code have met in ten previous ties going back 100 years.

Their first cup meeting came in 1898, a Challenge Cup quarter-final at Batley which the home side won 3-0, stand-off Joe Oakland settling the issue with a try midway through the second-half. The Gallant Youths were cup holders going into that match and they went on to retain the trophy. Batley won the Cup again in 1901 and, once again, they beat Oldham en route to the final. The semi-final meeting at Fartown, Huddersfield attracted a crowd of 16,000 and it was stand-off Joe Oakland again who scored the only try of the afternoon in Batley's 9-2 victory.

Three years later, in March 1904, Oakland was at it again, his try easing Batley through a home first round Challenge Cup-tie 5-0. Twelve months later Oldham broke the Batley bogey when they won a second round Challenge Cup-tie at Mount Pleasant 14-10. Joe Oakland did score, but it was a goal and not a match winning try this time.

In February 1923 Oldham found themselves travelling over the Pennines again for a Challenge Cup-tie. The match at Batley ended scoreless but the Roughyeds made no mistake two days later when they ran in four tries in a 14-0 replay victory.

Oldham's biggest ever defeat against Batley came at the end of the 1923-24 season when they travelled to Mount Pleasant in the Championship semi-final. Batley were without loose-forward Frank Gallagher, en route to Australia with the British Lions, but Oldham were harder hit for they had Ernie Knapman, Sid Rix, Bob Sloman and Albert Brough on the same boat with Gallagher. There was a crowd of 9,500 at the Mount where the Gallant Youths completely outplayed Oldham to win 38-0. South African winger Herbert Murray and centre George Davidge each scored a brace of tries whilst stand-off Harry Rees directed operations and still found time to score a try and seven goals.

Fourteen years passed before the two clubs met again in cup football when it was much

closer at Watersheddings in the first round of the Challenge Cup in February 1938. The Roughyeds led 7-6 as the match moved into injury time, stand-off Mick Downey having scored the only try of the afternoon. But then up popped Batley scrum-half Dicky Ralph to drop a goal and give the Gallant Youths victory by 8-7. Oldham and Batley have not met since in a Challenge Cup-tie but they have met on three occasions in the John Player Trophy, the first time at Watersheddings in October 1976. Batley put up a brace performance against their First Division opponents that afternoon but the Roughyeds came through to win 17-9.

In season 1987-88 both Oldham and Batley found themselves in the Second Division but they experienced contrasting fortunes. The Roughyeds finished top, the Gallant Youths finished bottom and their league placings were graphically exposed when the clubs met at Mount Pleasant in the second round of the John Player Trophy. Oldham won 44-0, their biggest ever victory over Batley, with second-row forward Paul Round leading the rout with three of the Roughyeds' eight tries.

Three years later Oldham again visited Mount Pleasant for a second round Regal Trophy tie. Batley were still in Division Two but Oldham were in the top division and favourites to win. The match was played on a snow covered pitch and, once again, Paul Round was amongst the Oldham try scorers. But Batley played with much more fire this time and were able to frustrate the Roughyeds. So much so that Oldham's Australian loose-forward, John Cogger, lost his head and was sent off on the stroke of half-time after giving the Mount Pleasant crowd the V-sign. The second half was full of end-to-end, gripping action and it ended with prop-forward player-coach Keith Rayne crashing over in the last move of the match to claim a hat-trick and give Batley a well deserved 20-16 victory.

Oldham will probably start today's match as slight favourites but Mount Pleasant has proved to be a slippery slope for them in the past so Batley will not be short of confidence. A great game is in prospect, may the best team win.

Four Games To Remember

Saturday 16th January 1971:

Oldham 7 Batley 10 HT 5-8 att 2211

gls Toohey 4 Gittins

Business Security Services

Response Digital Surveillance Systems

Chris Morgan, Managing Director and Mark Wallis, Operations Director - the driving force behind Response Digital Surveillance Systems are the latest new company to agree to help the Bulldogs this season. The duo whose company specialises in providing state-of-the-art security monitoring and recording facilities to businesses throughout the North of England, are sponsoring Paul Gleadhill one of are speedy wingers who thankfully is faster than most intruders.

Which means that Response Digital Surveillance System's remote monitoring technology is invaluable in capturing on camera the would-be thief, vandal or intruder.

The company have heavily invested in the very latest digital security systems, which allow the transmission and storage of CCTV camera images. These images are digitally compressed and sent down fibre optic telephone lines to their Central Monitoring Station situated at Hyrstland House, Track Road, Batley.

Recent directives from the Association of Chief Police Officers means that from now on Police Officers will not respond to alarms on commercial premises unless the situation has been verified as a genuine alarm call. The remote monitoring employed by Response Digital Surveillance Systems overcomes this problem at a fraction of the cost of employing a security guard. The company even have the ability to make 'electronic patrols' of premises and speak to potential intruders as a deterrent. So why not let Chris and Mark speak to you, and let them keep an eye on your business?

Unit 36, Carlinghow Mills, 501 Bradford Rd.,
