The Right Direction

Today, we welcome Oldham to Victory Park and I am sure it is going to be a very competitive game.

I would like to congratulate today's visitors for the way they have turned their club around over the last couple of years and we at Lancashire Lynx can take heart that this is possible.

With the right direction and a lot of hard work

we will be in there and **COMPETING** next season.

The team, over the last few weeks, has shown some improvements and I fully expect this improvement to continue and I now feel fairly confident that we can achieve another victory before the end of the season.

Coach's Notes

11th June 2000 • Lynx v Oldham

A Gradual Improvement

Welcome today to Oldham and their coach Mike Ford. Oldham have been going very well this term and I fully expect them to perform extremely well in the Grand Final play-offs, so to this end, good luck.

However, it is not our intention to do them any favours this afternoon and we will be doing our utmost to take the points off them.

We are gradually improving as a unit and part of the reason for this is that we have been able to select a fairly settled side.

We must now continue to work hard and build upon the foundations we have built and we can then look forward to some success.

Enjoy the game

Lynx Go Down Fighting

Sunday 4th June 2000

Workington Town 38 Lancashire Lynx 8

Attendance: 562

Workington completed an expected double over Lynx at Derwent Park but, in doing so, they gave Maurice Bamford a blueprint for the future.

Town started the season with five straight defeats and got off the mark with a win at Chorley in February. Since then, they have rebuilt well, as Coach Gary Murdock has introduced several promising players from the amateur game together with some seasoned professionals.

As a result, Town now occupy a respectable mid-table position and are looking forward to next season with far greater optimism than they were a year ago.

Now, the wily Bamford will be aiming to do the same with Lynx.

Certainly, the way Lynx competed for most of the game, suggests they are already making

big progress under Bamford.

For a side that has conceded an average of 50 points a game. Lynx played with great enthusiasm and shocked the home fans by holding an 8-0 lead.

David Birdsall grabbed the first try after smart work by David Wolford and Gary Hall, and then Jayson Pekepo, outstanding in the early stages, bounced his way over for another.

It was too good to last, as Lynx's match fitness began to tell. But, Bamford plans to put that right and already has a pre-season programme mapped out.

Using his vast contacts in the amateur and professional game, Bamford has already used his persuasive powers to tempt several Yorkshire based players to Victory Park and several impressed, notably the Birdsall's, David and Paul, and Hall.

Match Report

11th June 2000 • Lynx v Oldham

On top of that Paul Roberts, David Jones and Paul Norton, three Lynx stalwarts this year, are now getting much more support. Roberts, switched from full-back to stand-off by Bamford, showed that he is adapting well to the change, while Norton put in his usual committed stint in the pack. Jones, as ever, was inspirational with his work-rate and determination.

It was only in the closing stages of the first half that Town broke the shackles. Leigh Smith scored the opener and centre Steve McGrady the second, after a powerful burst by Tau Liku. With former England International Paul Cook adding one goal, Town held a 10-8 interval lead. Jones typified Lynx's resolve, tracking back 70 metres to overhaul William Blackburn just before the hooter.

But Town quickly stretched their lead on the resumption, when prop William Blackburn burst over from 20 metres. Lynx, though, refused to buckle and Norton came close to a try, being held up over the home line.

But in the last quarter, Town moved clear after Jamie Beaumont grabbed their fourth try. Cook added another after McGrady's break, and Stuart Hoyles and Craig Barker added further tries to give Town a flattering winning margin.

Lynx: Hunt, Doherty, Waerea, Jones, Garcia, Roberts, Williams, Pekepo, Wolford, Hall, D Birdsall, Norton, P Birdsall. Subs: Stanley for Hunt, Christie for Vincent, Vincent for Pekepo, Barr for Hall.

Lynx Man of the Match: David Birdsall

Oldham

MARK CAMPBELL

One of 16 new boys brought in to the club by Mike Ford during the first two months of the player coach's reign. Formerly with Leeds and Keighley Cougars, this 21-year-old hardworking back-row forward is studying at Leeds University for a degree in Chemical Engineering.

LEO CASEY

A tough prop who played for the former Oldham club, Featherstone Rovers, Swinton and Rochdale Hornets before signing for the Roughyeds for the 1999 season. Captained the side and, at the age of 32, became a firm favourite of the crowd.

JASON CLEGG

A product of Littleborough RL Club, this heavyweight prop turned pro for the Bradford Bulls and had a stint with Batley before signing for the Roughyeds shortly after the club was formed. Made a first team place his own in 1999 and earned selection for the West of Pennines side against an East side coached by Mike Ford. In superb form this season and was player of the month in February.

MIKE FORD

A scrum-half who has been making the right sort of headlines all his sporting life. Played for Wigan at Wembley at the age of 19. Also starred for Leigh, Oldham, Castleford, Warrington, Wakefield and South Queensland Crushers. Toured down under with GB in 1988. Coached Bramley to mid-table respectability in 1999 before landing his dream job of coaching his home-town club. Still a key player, with an excellent kicking game.

ANTHONY GIBBONS

One half of the twin combination which played for Leeds Rhinos and Bramley before joining Oldham at the start of the 2000 season. The 23-year-old is playing consistently well at centre but also helped out at scrum-half this season.

DAVID GIBBONS

The other twin. Became a household name at Headingly and played more than 20 senior games, including several in the first Super League season of 1996. Formerly captain of Bramley, David will be a key figure for the Roughyeds at stand-off half.

DANNY GUEST

This 22-year-old, 18 stone prop was an up and coming youngster with the Bears. Also played for Keighley and of course Lynx, before returning to Oldham. Has been mostly a sub for Oldham this season.

JOEY HAYES

A young winger who has crammed a lot into his relatively short time as a pro. Made his name with St Helens, but also played 112 Super League games for Salford last season. Turning into a real crowd favourite at Oldham and is one of the most exciting wingers in the NFP. Won player of the month for May.

CHRIS HOLLAND

21-year-old who has played for England and GB students and took Man-of-the-match in the defeat against New Zealand at Hull, during the last World Cup. Equally at home at centre or in the back row.

11th June 2000 • Lynx v Oldham

**Excerpts from Lancashire Lynx Programme
31st May 1998 compiled by Tony Seed
Commercial Director.**

After winning away to Batley 17-16 the previous Sunday, we entertained Oldham at Preston Grasshoppers' Ground.

Lancashire Lynx had a hard fought draw 18 apiece with tries from Steve Ashcroft, Neil Parsley and Phil Jones. Heysham Atoms had won the North Lancashire Amateur Rugby League Final at the

previous home game and proudly held the trophy in the air. Also that day, the Academy entertained the Cardiff Demons and won convincingly 42-10.

On the lighter side, there was an idiots guide to rugby league, compiled by Kevin Tamati. The star picture was Lee Westwood, complete with ear rings.

Sadly, we had no sponsors that day, the official attendance was 1,351, thanks to a large contingent from Oldham.

Supporters Club

The next Supporters Club meeting will be held on June 14th, 8pm at St Anthony's Club, Fulwood. As usual, everyone is welcome.

Today's your first chance to vote in the Player of the Season awards. Voting slips are available at the club shop and you can post your vote there. The award will be made at the end of season do and presentation evening. This is being held on July 7th, here at Victory Park,

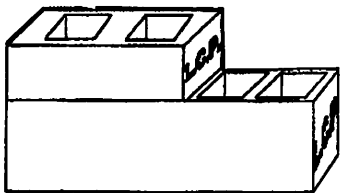

tickets cost £5 and include disco, karaoke and a hotpot supper.

There will be a coach running to the Leigh game on June 18th, this leaves Preston Bus Station (Carlisle St) at 1.00pm and picks up at Hartwood Hall, Chorley, about 20 minutes later. Travelling with the Supporters Club costs £5. There may be a bus running to York, this has yet to be finalised.

Today's Visitors

11th June 2000 • Lynx v Oldham

JOHN HOUGH

Will go down in local RL history as the first player to sign for the new Oldham club, when it was relaunched in the summer of 1997. Had two great seasons in 1998 and 1999, when he took the club's Player of the Year awards. Played more than 30 senior games for Warrington before returning 'home' to Oldham. Has been in tremendous form again this season.

KEVIN MANNION

22-year-old Kevin is a ball playing loose forward, who made his senior debut with Rochdale Hornets when only 16. Played for England and GB students whilst studying in Lancaster, and he toured Australia and played in France. Has been in outstanding form of late with his strong running out wide.

JOE MCNICHOLAS

A pacy winger who held down a spot on the right flank in 1999 after a year out with a broken leg.

SHAYNE MCMENEMY

Recent recruit to the club replacing the injured Tom O'Reilly. Began the season at Rochdale where he caught the eye of Mike Ford. Hard working second row forward this Australian made his debut 48 hours after arriving from Sydney. Has 100 per cent commitment and strong tackling as his assets.

ANDY PROCTOR

Named Captain of the club for this season. Former Saddleworth, Wakefield, Oldham and Bramley prop-forward, now aged 30, won a Man of Steel award while with Trinity and has built a reputation as a players player.

PAT RICH

Another of the younger signings, 21-year-old Pat is a native of the North East. Played senior

football for Keighley in 1999, while studying for a Law degree at Leeds. Can play centre or back row and recently achieved the new club 'points in a game' record, when scoring 18 in the win over Widnes.

WES ROGERS

A strong second row forward, Wes joined his hometown club after stints with Widnes and Swinton. A hot property as a teenager.

MARK SIBSON

An exciting full back and goal kicker, this 23-year-old played for Loughborough University for four years before moving to Castleford, Bramley and Huddersfield. An elusive attacker and has been a key player so far this season.

IAN SINFIELD

Local lad, who played Super League rugby with Salford before joining the Roughyeds in 1998. Had a brief stint in France in the early part of 1999 before returning to the club. A back row forward who tackles hard, runs strongly and uses the ball intelligently.

WARREN BARROW

Signed recently from St Helens' Academy side. A regular try scorer whilst at Saints. He can play on the wing or at centre. A strong, abrasive runner who likes to help out his forwards.

PHIL FARRELL

Recently signed for the club after a successful loan period. Hard working back row forward who has the right pedigree, as he is the younger brother of Wigan and GB captain Andy Farrell.

NEIL RODEN

Signed for the club at the same time as Phil Farrell. Young half back with a lot of talent.

Premiership **Express**

with MARTYN SADLER

THE POINT IS...!

MARTYN SADLER, the editor of Rugby League Express, wonders whether it's time to introduce a new points system for the NFP league table.

LAST weekend the nine matches in the Northern Ford Premiership produced five games in which the final margin between the teams was six points or less.

In a tremendous weekend of football, Featherstone beat Hunslet by one point, Barrow beat Widnes by three, Doncaster beat Keighley by three, Swinton beat Batley by four, and Whitehaven beat Rochdale by six.

The winning margins in the other four games were 17 (Oldham v Leigh), 18 (Hull KR v York), 22 (Dewsbury v Sheffield), and 30 (Workington v Lancashire).

The question that arises in my mind is one that I raised in my column in League Express last Monday. Is the system of allocating two points for a win, one for a draw and no points for a defeat always fair, and is it guaranteed to generate the most excitement for supporters?

Nigel Wood, the chief executive of Halifax Blue Sox and a member of the Super League board of directors, has put forward a proposal to reward teams who do well in each half of a game. His proposal is to award two points to the winner of each half, as well as awarding two points to the winner of the overall game, while giving one point for a draw in each case.

That means there would be six points available for every game, and Wood's view is that it would make each half of the game more exciting.

For example, if we look at last Sunday's NFP games, Widnes were leading 10-12 at half-time against Barrow, and would have earned two points for doing so. In the second half Barrow scored more points, and won the game 20-17, so, under Wood's proposal, they would be allocated four points.

The same thing applied in the Batley v Swinton game, where the Bulldogs led 18-14 at half-time, and would have earned two points, while the Lions overtook them in the second half to win 24-28, and would have picked up four points for doing so.

At Hunslet, Featherstone led 3-0 at half-time, so would have earned two points, but Hunslet won the second half 12-10. Hunslet would have picked up two points, but Rovers would have got the two for their 13-12 victory, meaning that they would have ended up with four points to Hunslet's two.

For the same reason, Doncaster would have earned four points to Keighley's two, because they were behind 16-2 at half-time, while they ended up winning 27-30.

On the other hand, Oldham, Dewsbury and Workington would have earned six points against Leigh, Sheffield and Lancashire respectively, because in each case they won both halves to win the game.

And in two games, the points allocation would have been 5-1.

Whitehaven led Rochdale 8-2 at half-time, but in the second half both sides scored six points, so Haven won the game, but Hornets would have picked up a point for drawing the second half.

And at York, the Wasps were down 0-18 to Hull KR at half-time, but they drew the second half, meaning that the Wasps would have got one point to Hull KR's five.

A game that was virtually dead at half-time under the current system would have had a lot to play for under Wood's proposals.

It's a system that is certainly worth considering for NFP clubs next season.
