seasons greetings

From myself, the Board of Directors, coaches and players, we would like to wish all our supporters a very merry Christmas and an excellent New Year. Thanks for the support that has been given to us all since we took responsibility for running the club it is greatly appreciated. This support has encouraged us to sign the best young talent we can afford and keep the really good players at the club we have. We are continuing to watch the best local talent through Steve Peter and ourselves and nationally through Steve and his contacts. Just last week we made a major acquisition, in signing Mick Nar /n, undoubtedly one of the best young backs in NL 1. We welcome Mick to the club and wish him a long and successful career with the Haven. We really hope you have a very enjoyable season as I have said before the players, coaches and supporters really deserve some success, here to an excellent New Year to all of you.

Regards.
Barry Richardson (Chairman)

Today's Visitors - Oldham

A big welcome to our good friends from Oldham for what should be the first in of many Christmas Seat Challenge games between our two clubs. Many thanks to the Oldham club and Chairman Chris Hamilton in particular for helping set up today's clash.

Once again they are coached by Steve Molloy who earned himself a new 12 month contract. He wanted a squad of 22 this year and reached that figure when Lee Doran and Gavin Dodd finally re-signed new 12 month contracts last week. In addition Oldham have brought in some quality players off season, with no less than three from neighbours Rochdale Ian Watson, Paul Southern and James Bunyan. In addition to this 4 Ex- super league players have arrived, Nick Johnson from Bradford Bulls, Martin Ellswood from Huddersfield Giants, Craig Farrimond from Warrington Wolves and just this week pipped ourselves to the signing of Lee Marsh from Salford. In 2003 Oldham finished a disappointing 5 Th. in NL1. However with the signings they have made already the Roughyeds are being tipped by many as dark horses for honours in 2004.
