Today's Legend is George Fairburn

Born 25th July 1954.

Signed professional forms for Wigan in November 1974 from Kelso RU.

Had brief spell as coach for Wigan between April 1980 and May 1981.

Signed for Hull Kingston Rovers from Wigan on June 7 1981 for a then world record fee of £72,500.

Debut v Huddersfield in Yorkshire Cup Round 1 game at Craven Park on Friday August 14 1981 kicking eight goals from eight attempts.

Final match v York at Ryedale Stadium Friday April 13 1990.

267 appearances + 2 as a sub, 554 goals, 19 drop goals and 51 tries for a total of 1308 points in his career with the Robins.

Crossed off the player register and joined coaching staff under Roger Millward during close season of 1990/1991.

Became first team coach at start of 1991/1992 season after Millward's departure.

Set club record for goals in a season of 166 in 1981/1982. This stood until Mike Fletcher broke it in season 1989/1990.

Departed club at end of 1993/1994 season ending his coaching term with memorable win at Widnes.

Joined Huddersfield as coach June 1994.

Made 17 appearances for Great Britain and 15 for England.

*Our Legend Player escorts the corporate guests on a tour of
Craven Park prior to kick-off and offers views of the match
throughout the day.*

Thank you to George for his continued support of Hull KR

from the chairman's desk

A warm welcome to everyone this afternoon and in particular to our friends from Oldham where their recent financial difficulties have been much documented.

From our own experiences we have a good deal of sympathy for Chris Hamilton and his colleagues and wish them well in their quest for survival.

No matter what is happening away from the field I am sure that Gary Mercer's side will provide us with a stiff test this afternoon. The closeness of their result last week with Castleford confirms they are a side who are more than capable of holding their own at this level. We just need to make sure it is not us who provide them with their first league win of the season. To do that we need to build on our recent form.

There are a number of pleasing aspects to the start of our league campaign. Not least of which was the attendance at our first fixture here against Featherstone. It was up 30% on last year even taking account of the competing "attractions" of F.C. being at home and Hull City hot on the promotion trail. Without those distractions we can hopefully pick up a few more floating supporters as well as returning fans and push towards a 3000 gate today. I have said it previously but I think if we are to be realistic in our Super League ambitions that is a figure that should be attainable on a regular basis.

On the day it was a game of fluctuating fortunes. We went out to a 34 - 0 halftime lead with a 3 try contribution from Byron Ford but then took our eye off the ball and

allowed Featherstone to gain respectability. Looking at the league table had we maintained our form over 80 minutes I expect we would have been sat at the top albeit on points difference only. Any win at Doncaster is obviously satisfying and last week was no exception. It was great to see Jon Steel get the opportunity of showing his paces with an 80 yard try of high quality. It might well be in the fullness of time that Jon also provides the answer to our current goal kicking dilemma. Overall, I thought it was a strong performance where we had to withstand a spirited comeback from Doncaster at the start of the second half. At one stage we had to withstand something like 30 tackles on our line. In similar fashion to the game with UTC we were also restricted in the bench players that were fit to return to action. It was good to see a strong late finish obviously testament to the amount of fitness work that has gone into our early season preparation.

I think it is worthy to record at this stage that we have already recorded with wins at Doncaster and Halifax the same number of league victories away from home as we achieved during the entire 2004 season.

I would like to welcome to the club today our match day sponsors and partners namely Swiss Cottage, Smailes Goldie Accountants, Waverley TBS and Scottish Newcastle.

Come on you Rovers!

Neil Hudgell

HH
HARVEY HOWARD

THERE is little chance of us taking today's visitors lightly or any other team for that matter. You never know what strength team you are going to be able to put out and so you have to concentrate 100 per cent on the job in hand.

Everyone in the game seems to be picking up injuries at the moment, not just us.

But we have Neil Harmon back on the injured list with neck and hamstring injuries. The neck is not too bad and we took him off more as a precaution and we will have to wait and see how the hamstring goes. Obviously he will miss this week and could well be rested for the week after. And there are one or two others who might benefit from a couple of week's rest.

Long-term there is Jason Netherton whose injury is proving to be something of a problem. At the moment we are waiting for a decision on whether he will have to have an operation or not.

Hopefully that will have been resolved by the time this appears.

And then we have Dale Holdstock with his shoulder problem. But the thing there is we do not want to rush him back. There is little point in bringing him back until he is 100 per cent fit and that could be another couple of weeks or so. Hopefully he will be fit for the match against Castleford.

At the moment we are having to put out a patched-up side every week, but the boys are digging in and getting the points. One thing which is pleasing is that I think we won two away league matches last season.

This season so far we have played three league games, two of them away and won all three.

I think there are three words to describe the last three performances and that is positive, positive and positive again.

Three games, three wins. And that is far better than being negative on every possible occasion. This negativity from certain areas makes life difficult and also very frustrating because the comments get through to the players and I have to motivate them to perform again. So far they have responded each time and responded well.

When you motivate a side and they are winning the last thing you expect is to find negativity around. If there's a negative element around when we have yet to be beaten in the league what will happen when we do lose a match?

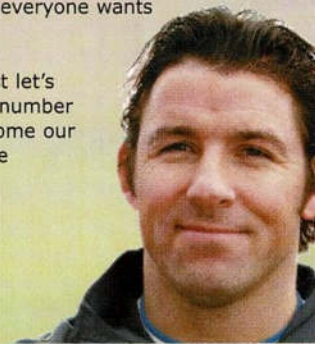

Going back to last week's game I told the boys I wanted them to forget all the hype about what had gone on last season. I told them I wanted them to get out there, ambush Doncaster, and come away with the points - and that's what they did. I was not bothered about whether it was pretty or not - we just wanted to come away with the two points.

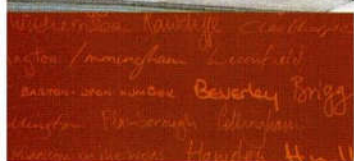

As I said earlier I am having to move players around due to injuries. In the Northern Rail Cup I was experimenting but now in the league it is something which is being forced on me. But we are still gathering momentum. The sides selected so far have not let anyone down.

One thing is for sure, we have not seen the full potential of this side yet. As they say: "The best is yet to come." It takes time for everyone to gel and bring out the best in each other. Rovers still have some way to go before we reach that point but everyone wants to get there.

And last but not least let's hope for league win number four and may I welcome our visitors from over the Peninnes.

Harvey Howard

FROM MIC TO MATCHDAY PROGRAMME
BBC RADIO HUMBERSIDE'S CHRIS PARK
TAKES A LOOK AT THE ROBINS

Three weeks after Rovers were in Powergen Challenge Cup action in Perpignan, its debatable whether that historic Catalan town has yet recovered from the impact of the hordes of Rovers supporters who arrived to see their favourite team in action on mainland Europe for the very first time in their history.

Despite the officially miserly number of fans at the game, bar takings apparently hit fresh heights, the French were treated to new versions of old songs and midway through the second half of the Cup tie, with The Robins throwing everything into attack, the volume of noise threatened to detach the tin roof of the Stand!

Looking out across the ground at the sea of Red and White, realising what it had cost in money, time and discomfort, was a reminder of how dependent sport is on its fan base. And last weekend, when the scene was repeated in the slightly closer surroundings of Doncaster's Earth Stadium, there was another reminder of the sheer presence of those Rovers fans.

On that occasion, the fans weren't cheering the triumph of their team that was to come later. They were expressing in sympathetic applause, their solace to an opposition player who needed to be stretchered off with a serious injury. Hopefully, it was something which might go towards healing the rift between the two clubs which has opened up during the last few meetings.

Having mentioned the UTC game, The Radio Humber-side team Gwylim Lloyd, Craig Murdock and myself were hugely fortunate to be there, travelling and staying with the Rovers team; and it would be remiss of us not to publicly thank the club, its players and staff for the way they accepted us on board.

Harvey Howard's maxim was what happens on Tour, stays on Tour which is fair enough, but honourable mention must go to Makali and his singing. When fellow front rower Jamie Bovill joined him at the microphone, it's only right to record that their word-perfect duet was truly memorable. What made it quite so remarkable was that Makali was singing in one of his country's one hundred and odd native languages at the time!

**Caring
for Life**

St John Ambulance has long been associated with Hull Kingston Rovers, providing match day First Aid. These links are being further strengthened by a new partnership. During the coming month St John Ambulance will train the Hull Kingston Rovers first team players in First Aid.

"This training is going to be really valuable to the community development project at the club. It means that the players can comfortably deal with bumps and bruises that kids inevitably pick up whilst playing contact sports. This training will also form part of the professional development package we are working on with the first team and academy players." Lora Bickerdike - Community Development Manager

"This important partnership highlights a number of issues," said Business Manager Fred Owen, "we are able to show our expertise, providing the highest calibre of instruction, the players benefit from a 'life skill' and most importantly we are helping the local community."

St John Ambulance is the UK's leading first aid provider, offering practical, hands-on sessions combined with flexible training methods.

"The club is currently working towards CLUBMARK accreditation so opportunities and training like this helps all the players to learn new skills and do some professional development"

ACADEMY PROFILES

Scholarship News

Just a quick update to let you know what is happening on the Scholarship front. As I mention in my last report, the Service Area games are due to start anytime now and we have done really well with selections. Also we have quite a few of our scholarship staff working on The Service Area this year which overall is excellent for the club. Kev Berry (from our u/13s) has just recently applied for Regional Camps and Phil Wilkins (U/15's) has applied for Coach and Manager jobs. We wish them both luck as they deserve the chance. Last weekend I was at the Youth Cup Finals Day and it was a great turn out with excellent entertainment in the finals from u/12s to u/16s and once again we had a lot of our scholars picking up winning medals. Well done.

Yours, Tony Elvin

Academy News

Before I start this column I would just like to say a big thank you to everybody who turned out to support the boys when they played against Bradford Bulls in terrible weather conditions, it was much appreciated by all the staff involved with the Academy at the club. Unfortunately we lost 28 - 10 but it is a game we felt we should have won after only being down 12 - 10 at half time despite all that sleet and wind in our faces. We weren't the same side in the second half. Last weekend we travelled to London to play the Broncos U/18s and came away with a 22 - 14 victory.

At times it was a very hard-earned win against much bigger opponents but win we did with Matty Everitt winning Man of the Match closely followed by Shaun Painter, Rich Beaumont and Kris Welham. But the big positive things were the four 16-year-old players making their debuts. They were all heroes on the day.

Yours, Tony Elvin

Hull Kingston Rovers would like to thank Phil Freeman and all at Constable Arms for their help with the Lottery Launch, which was held at the pub on Wednesday 13th April. The launch was a huge success.

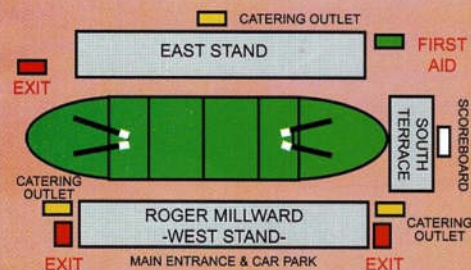

Ground Safety!

Grass Embankments

We are required by the safety authorities to remind supporters that the grass embankments around the stadium are not designated as spectator accommodation areas, please do not use these banks for this purpose. Thank you for your co-operation.

Gangway Areas

We would ask all spectators to co-operate with our Stadium Stewards and Staff by not standing in the gangway areas, which are clearly marked in hatched, yellow paint. This applies to the East Stand gangways and the front gangway area of the West Stand along with any other parts of the stadium displaying the yellow hatched markings.

Language

Craven Park Stadium is a designated community facility with the theme of events targeted at families and children as well as individuals. Please refrain from using foul and abusive language as it is offensive, and in protection to our customers, offenders risk being ejected from the Stadium and possibly being permanently banned from events.

Map

We hope your visit to Craven Park is a pleasant and enjoyable experience. The map is there to assist you in finding our various facilities, if however, you are experiencing difficulties please ask a Steward or a member of the Craven Park Staff who will gladly assist you. Thank you for visiting Craven Park and we hope you enjoy your time here.

If anyone has any information or evidence
regarding gate prices at the UTC
match in France can you please call the club

Hello again!
I'm Neil Rudd,
the guy who
does the on field
announcements
at Craven Park.

Here's to the
Robins making it four out of four in the
league today cheered on by the most
passionate fans in rugby league! Sorry to
those fans who have had difficulty hearing
the tannoy, due to technical problems.
Fingers crossed it's all sorted.

As the afternoon presenter on Magic1161
I have mentioned a few times on air I am a
red and white, and as such I've had a few
cheeky calls from 'the dark side' west of the
river, questioning my sanity! The banter is all
in fun of course, and demonstrates the
enjoyment we all get from the great game of
rugby league. We'd never want to take it all
too seriously like some football fans would
we?

Anyway If you fancy hearing some of the
best music of the last 40 years, join every
week day afternoon from 2. Just switch to
medium wave and find 1161!

Or hear us in stereo on a
DAB radio set!
Cheers.

Makka

15 HKR v Oldham

MAKALI AIZUE

CONFIDENCE can be the key to many things in life and it is certainly the key to the present form of prop Makali Aizue.

Since joining Hull KR for the 2003 season the man from Goroka in Papua New Guinea has become a firm favourite with his powerhouse dashes and has been known to put in some big hits too. His play has steadily improved in the time he has been at Craven Park and he puts all this down to more confidence in his own ability.

"It was a very big step for me to make to come over here. Then I had to get to know a lot of new players all at once. But now I am used to most of them and when new faces are coming in I am one of those people they have to meet," said "Makka" before a morning training session at the JJB gym at Holderness Road, Hull.

"I still need to talk more on the field. I know I don't do enough in that respect and that is something I am working on. But my general confidence is much higher than when I came to this country for the first time.

"But you can't do anything but improve when you have players like James Webster, Michael Smith and David Tangata-Toa around. And the rest of the side has loads of enthusiasm too. Then we are all working for each other and that is good," said Aizue.

One thing he does miss is his family and with an eight-hour time gap between here and home he keeps a close eye on the clock so he can manage a chat with his wife and family.

"I try and speak to my son either before he goes to school or when he gets home in an evening and I speak to them every day," added the Papua double rugby league and union international.

As far as Rovers are concerned Aizue feels, like many others, this could be the big season the Robins have been chasing for seasons.

"I know people have been saying that ever since I came to the club and probably a year or two before that. But the way we are playing and the way the guys all play for each other makes me think we can win promotion this year," he added.

Away from the playing field Makali is one of the club's development workers, and does one day a week in and around the local community usually on a Thursday with his pal Jamie Bovill.

"Jamie was one of the first people to show me round here when I arrived and since then he has become a good mate," added Makali.

"And that is another reason why my confidence has grown.

But putting aside the fact he joined the club in 2003, "Makka" still has not got used to the British weather.

"I like walking but here it is cold for a lot of the time. But I walk a lot round East Park, and if the weather is good I walk most places locally," he said.

But there is another side to this easy going man from the other side of the world.

"I can be lazy and if there is nothing for me to do I can stay in bed and take things easy. But I like really to be out and about doing things," he said.

From a club and coach point of view Makali felt the club was going well, with coach Harvey Howard doing a good job and the players all working for each other.

"Everybody is very happy at the moment. We have won all three league games we have played. OK they have not been perfect wins but we are going quite well and there is more to come," he added.

The most recent victory at Doncaster was very welcome he said because lots of people had been using that as some sort of benchmark to measure Rovers, performance by.

"It was not easy, but we all stuck to our jobs and helped each other out and we came up with a hard-earned victory," he said.

"Now, like most of the guys, I am looking forward to the Northern Rail Cup closing stages and also doing the best I can for Hull KR," he added.

Makka says can you add to the profile facts the two people he would least like to be stuck in a lift with are James "The Blob" Bovill and Phil "William" Hasty.

Club: Hudds' Giants / **A fellow Player you would hate to get stuck**

in a lift with: James "The Blob" Bovill and Phil "William" Hasty.

IMAGINE playing against guys like Craig Greenhill, Darren Smith (ex- St Helens), Adrian Vowles (Wakefield and Castleford) and being captain of a side which has Aussie star Dane Carlaw in it.

Last week the Clydesdales came up with a 47-16 win over a Wynnism side tipped for the title and which included Greenhill, while playing alongside Seibs was Carlaw who has been struggling a little in the top flight.

The Aussie says he has also learned heaps about off-the-field stuff such as coaching, strength and conditioning, rehab etc following his return Down Under.

The Clydesdales are currently third in the table but the teams above them have not had a bye which they have and that makes a difference as points are not awarded for a bye in the Queensland Cup.

At Ipswich there are Steele Retchless and Grant Young (London Broncos) and Andy Poynter(Sheffield). Easts have Brandon Costin(Huddersfield), Darren Smith(St Helens), Nigel Roy (London Broncos) and Dallas Hood (Wakefield). This is the club where Richard Fletcher had a short spell before coming home to Hull. Apart from Greenhill, Wynnun also have former Sheffield and Gateshead man Danny Macallister while Adrian Vowles is strutting his stuff at Burleigh.

WHAT A JOURNEY-MAN!

One fan travelled from Aberdeen to Hull just in time to catch the bus for the 27-hour hour journey from Craven Park to Perpignan! Was this a record distance for any Robins fan to get to France to see the match?

Mr Barry Brodie used to live in Hull but left 15 years ago to live in Aberdeen. He is a Merchant Seaman and comes to watch the Robins when he is at home and there is a match.

AS we are entertaining our friends from Oldham today we will look back at a fixture played at their traditional Watersheddings home on Sunday October 7 1990. This was a league match in Division 1, which Rovers had just returned to by winning the second division title the previous season. Oldham went into the game unbeaten in their last 23 home matches.

The Robins had Wayne Parker as captain in the absence of Bryan Niebling and winger Steve Hadi was making his debut. Oldham took an early lead thanks to two goals by Duncan Platt and a try by winger Paul Lord to two goals by Graeme Hallas making it 8 points to 4 to the home side. However a Paul Lyman try made by Parker and converted by Hallas put the Robins in front by two points only for Tommy Martyn to level matters off with a penalty at 10 points each.

Rovers ex-Welsh Rugby Union star David Bishop, playing at fullback, was then sent off in the 35th minute for an alleged high tackle on Oldham forward Charlie McAllister. Shortly before the break, Oldham's Mike Ford took advantage of the extra man to cross for a try, which was goaled by Martyn to send Oldham in 16 points to 10 in front at halftime.

It did not take long before things were all square again as Dave Watson and Jimmy Irvine created space for Anthony Sullivan to score with Hallas again kicking the conversion. A Martyn one-pointer nudged the home side ahead before Paul Round crossed for an unconverted try putting Oldham 21 points to 16 in front.

Things looked bleak for the Robins however, Irvine put Paul Vannett over and with the Hallas goal, Rovers had regained the lead by a point. There were just five minutes left on the clock when acting skipper Wayne Parker scored a magnificent solo try from 75 yards out which with the inevitable Hallas conversion made it 28 points to 21 in Rovers' favour. Round scored a late consolation try for Oldham but it did not matter, as the Robins were victorious by 28 points to 25.

The two teams lined up as follows-

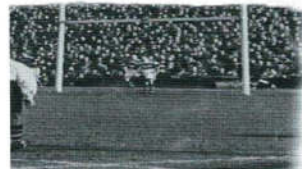

Oldham: Platt; Francis, Martyn, Irving, Lord; Clark, Ford; Pyke, Russell, Fairbank, Round, McAllister and Cogger. Subs. Barrow and Donegan.

Hull Kingston Rovers: Bishop; Hadi, Hallas, Irvine, Sullivan; Watson, Parker; Goulding, Hoe, Ema, Vannett, Thompson and Lyman, Subs. Fletcher (M) and Jackson.

The referee was Mr. C. Morris of Huddersfield and the attendance 4,710.

JUNIOR ROBINS

Welcome to all the Junior Robins and all the junior supporters and their families from Oldham to today's game as we look to extend our unbeaten start to the season.

There's been plenty happening in recent weeks for all of our members. Our first event of the season took us to Hollywood Bowl on Wednesday April 6. Once again there was a fantastic turnout as we literally turned the Kingswood venue red and white for the evening so thanks to everyone who turned up on the night.

Last weekend was our first outing of the season which was primarily aimed at the younger members of the Junior Robins as we took a coach down to Sundown Adventureland in Nottinghamshire for the day and what a fantastic day it was!

We can undoubtedly speak for everyone who attended by saying it was an excellent day out, the photos on this page hopefully prove that as well. The weather stayed good to us and the attractions on offer were brilliant - we all had plenty of fun on the Rocky Mountain Railroad and Boozy Barrel Boat Rides! For those that missed this trip don't worry, there are plenty more events planned for the forthcoming year to

get involved with and at the moment we are hoping for a day out at the *Great American Adventure Theme Park* around June time. June also marks the month for the *Lord Mayor's Parade* and we'll be participating with a float on Saturday June 11. Further details will be available on our website in the coming month but if you'd like to volunteer to help on the day and decorate the float then please contact one of the JR's committee.

Before then look out for the flyers at today's game for our *Challenge Cup Wembley Party* next Saturday, it's free and open to everyone so we look forward to seeing you all there.

Congratulations to Nathan Challis who won the "Design a Logo" competition for the HKR Lottery. He'll be presented with his prize on the pitch today.

THANK YOU FOR YOUR SUPPORT

ROVERS SUPPORTERS GROUP

What a win against Doncaster on Sunday! The atmosphere was great down at Belle Vue with the lads showing some very impressive rugby skills, and we came away with the two points that has kept us joint top. In his radio interview after the game Harvey made reference to adverse comments he felt had been made about the fullback berth during the fan's forum. However, he needs to remember that the fans crave success and have supported our fantastic club through thick and thin. Witness so many red and whites travelling and being so vocal at matches can only help the lads' performances. We would personally like to thank all those who go week in week out. Just to remind you the Robins Nest is open before every home game and both home and away supporters are welcome. Maggie Fallowfield would like to thank everyone who bought tombola tickets at the Featherstone game as she raised an amazing £1160 which will all go towards team strengthening. A big thank you has to go to Maggie and her team of volunteers for all the hard work they put it in organising the tombolas. They really do take up an awful lot of time before, during and after the game! Maggie will be doing two more tombolas later in the season so if anyone has prizes they could donate please drop them off at the Robins Nest before any home game, where they will be greatly received. The Rovers Supporters Group meetings are open to anyone to attend; we would welcome any new faces and fresh ideas of raising funds at our next meeting May 10. Meetings are held at the Punch Bowl on James Reckitt Avenue and start at 8pm. Let's hope that we can continue our winning streak this afternoon and remain at the top of the table!

Welcome to today's opponents Oldham

Profiles

GARY MERCER (head coach): One of the most consistently good and honest forwards of the past 20 years. Record proves his durability. 21 Tests for New Zealand, ex-captain of Leeds, former player-coach of Halifax. Won most of the honours available after spells with Bradford, Warrington (twice), Leeds (twice) and Halifax. Was No 2 and then head coach at Castleford last year and now coaching at National League level for the first time.

GARETH BARBER: Now one of the longer serving Oldham players, local lad Barber began his rugby league career at Warrington and joined the Roughyeds in the early days of the Mike Ford era. Basically a stand-off, but also able to play at hooker in the 'new' game, Gareth has played more than 100 senior games for his home-town club. He holds the club record for the most points in a single match -26 from three tries and seven goals in a 47-12 defeat of Dewsbury at Hurst Cross in April, 2002.

RICKY BIBBY: Former Wigan and St Helens prop. Signed for Oldham just before the start of the 2005 season. He has also had a spell on loan at Leigh, for whom he played in a National League first division grand final. Aged 23, he has more than 50 Super League appearances behind him and he has the rare distinction of having won a Challenge Cup winners' medal for Wigan against St Helens and also for St Helens against Wigan.

JOHN HOUGH: A hooker, John is unique in Roughyeds folklore. He made local rugby league history in early December, 1997 when he signed for the newly-formed club as a free agent from Warrington Wolves to become the Roughyeds' first ever signing. Since then he has been a magnificent servant which was rewarded in November, 2004 when he was offered and accepted a three-year contract to take him up to retirement. He has played in 194 senior games for the Roughyeds - more than any other player.

TERE GLASSIE: The most experienced of Oldham's three new Cook Island internationals, 27-year-old Tere has played all over the park in his years in Australia. These days he will operate mainly at prop or second-row. Auckland-born, he has lived in Australia for most of his life and has played at various levels in various competitions in New South Wales. Recommended to Oldham by ex-Kiwi Test star Kevin Iro after he helped Cook Islands to a Pacific Cup victory over NZ Maoris in the final of the 2004 competition.

JON GODDARD: Walked off with all Oldham's major player-of-the-year titles in 2004 after a brilliant season. Was also named as one of the LHF Healthplan National League first division's top three full-backs. Played in 32 of Oldham's 33 games that season and was man of the match in many of them. A Castleford lad, he signed originally for his hometown club, but he joined Oldham three seasons ago and he has never looked back after being switched from centre to his favourite No 1 job.

SIMON HAUGHTON: Formerly with Wigan Warriors and then Orrell RU Club, Simon won many medals and honours with the crack Wigan side, often playing second-row alongside Denis Betts and matching Betts in the try-scoring charts. Joined Oldham in mid-December, 2004 and was certainly

Mercer's highest-profile capture. He played mainly in the backs with Orrell, but Mercer plans to use him as Wigan did- as a wide-running second-row forward with a thirst for tries.

SIMON SVABIC: Stand-off Simon began his career with the old Oldham club, moved on to Salford and then Leigh and then came back to Oldham for the start of the 2003 campaign. Now in his third year with the club, he is a midfield tactician with good hands, a rugby brain and a kicking game

NICK JOHNSON: An old-style winger who loves to hug the touchline, Oldham-born Nick played in all 33 Oldham games in 2004 and scored 26 tries to set a club record for most tries in a season. Formerly with Bradford, last season was his first full campaign with the Roughyeds and he got off to a flier by scoring 15 tries in the first 13 games. I

CARLOS MATAORA: Another Cook Islands international. Like Tere Glassie and Dana Wilson, he played in the Pacific Cup campaign for the Cooks, who beat Tonga and Fiji on their way to the final in which they conquered the Maoris. Another Kevin Iro recommendation, this 21 year old can play hooker, loose-forward or half-back, a very versatile performer of whom exciting things are expected in 2005.

DAMIAN MUNRO: Son of Geoff Munro, who made a name for himself with the old Oldham Bears club as a high-scoring and strong-running wing. Damian scored 32 tries for Leigh in 2003, mainly from the wing, and proved to be one of the most exciting finishers over distance outside Super League. He has come 'home' to Oldham to play essentially in the centre.

DANNY NANYN: A 19-year-old prop, pocket-battleship Danny has burst on to the Oldham scene this season and has impressed Mercer with his all-action performances in pre-season. He also won a man of the match award on the opening day of the season in the 22-20 win over Blackpool. Younger brother of Whitehaven points machine Mick Nanyin.

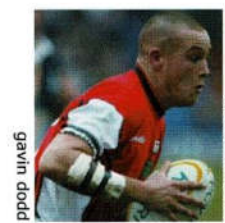

GAVIN DODD: Favourite position, full-back, but also able to play centre and wing. Played mainly wing in the last two seasons because of the outstanding form at No 1 of Jon Goddard. Strong runner, quick too and capable of scoring tries from deep inside his own half. Made his debut five years ago and has an excellent try-scoring record- 44 in 110 senior appearances

MARTY TURNER: A 23-year-old New Zealander, Marty is the club's overseas quota player for 2005. He will operate at scrum-half and will have the additional responsibilities of goalkicker. It will be his job to take the team around the field. He has played most of his rugby in Australia and comes to Oldham on the recommendation of his fellow Kiwi and Widnes coach Frank Endacott. The tip was so strong that Mercer felt he had no alternative but to unload Aussie forward Dane Morgan to make way for his playmaker on the quota.

ALEX WILKINSON: Another former Royton Tiger, Alex signed for Bradford as a youngster and he has a fair bit of Super League experience under his belt, having played out on loan for London Broncos and Hull FC, for whom he later signed permanently. Full time rugby and physiotherapy studies at Huddersfield didn't mix so he got his release and signed for his home town club, where his father used to be the club doctor. Younger brother also played for the Roughyeds until injury put paid to his hopes of a career in the sport.

DANA WILSON: A 21-year-old prop from the southern hemisphere, Dana was born in Auckland of a Cook Islands mother and a Samoan father. He played for the Marist club in Auckland and then, last year, moved to Australia to play for a club in the Manly competition on the outskirts of Sydney. He made a big impression for the Cooks in the Pacific Cup and the Cooks manager, Kevin Iro, felt he was ready for the next stage of his development- a trip to the UK to try his hand with Oldham in the National League.

Away Dayz Info with FLO

Hi Everyone!

This week I have two away match sets of information.

On the May 15 we are away to **Castleford Tigers** and on the May 22 2005 we are travelling to **Whitehaven**.

Castleford Tigers

Prices for standing: Adults £11 Conc. £5

Standing fans can move around the standing areas, although visiting fans generally stand at the railway end of the ground.

Prices for seating: Adults £14 Conc £8

You enter the seated area through the ground admission turnstile and then transfer.

There is disabled area in front of the main stand.

Car Parking costs £3 and is situated around the perimeter of the training ground which is adjacent to the main ground.

Bars open to All supporters are Tigers Bar (Under the main stand), the Marquee Bar (opposite Tigers Bar). There is also a small bar, from where drinks can be taken onto the terrace, in the Princes Street stand (facing the main stand).

Food is available from various catering outlets around the ground.

Children: Tiger Town, just beyond the Marquee Bar, features children's rides. (Fee payable for rides).

Whitehaven

Prices for ground: Adults £10 OAP/ Students £5

Prices for Seating: Adults £12 OAP/Students £6

Under 16 £3 if they do not have the RFL under 16 season ticket.

There is a car park on the private road into the ground, but it is not owned by Whitehaven and they have informed me that they think the owner charges 50p to park there. There is also a large car park just outside the gates. There is no charge for this one and there is a multi-storey about 10mins walk away. Parking for coaches can be arranged if they are informed in advance, so if you let the Rovers know how many coaches there are I will arrange this for you.

There are food facilities available, but when I was sent this information they were re-negotiating the catering franchise.

Fans can go anywhere in the ground and often supporters change ends depending on which way their team is playing.

There is a large bar all supporters can use including children. In good weather they arrange for tables outside and sometimes a marquee.

There are facilities available for disabled supporters and the staff at Whitehaven are happy to help with any queries any visiting supporters have.

Enjoy today's match see you all soon.
