**Chairman's
Column**

What a difference a week makes, doom and gloom last week against Gateshead but as we've said from the beginning this is a young side, well take Acky and Luxo out of that. And they'll learn, two steps forward, one step back. Well, we took two steps forward on Sunday, what a performance against Workington, some excellent tries and a defensive exhibition that was truly awesome. Well done to the lads, everyone of them. They worked hard through the week and they got their reward. Well done to all the coaching staff as well.

The Cup this week and a big welcome to Oldham, a Division One team with some talented players. We'll have to raise our game to their level but we've got a squad that can do that. Hopefully we'll see Matt Blake run out today and that will be a big plus, he looked the business at Gateshead before his injury. Lets get behind the team and make some noise, we are a notoriously quiet crowd.

As you all know we've got two long trips, one to Wales and one to London, which involve a lot of expense which the club can ill afford. We're talking to the Rugby League Headquarters about help with this cost but if anyone would like to help with sponsorship for these trips, coach, meals etc., please get in touch, it would be much appreciated and go along way to help our cash flow.

On the theme of Sponsorship I forgot to thank Nicholson Shotblasting for their sponsorship of the grandstand, thank you lads, and we hope to see you again soon. So lets hope for a win today and a Super League Team in the next round, and have you brought a friend?

Chairman

Here we are again at Craven Park we'll have to stop meeting like

this or people will be talking. However I don't mind people talking about last weeks performance, well done to all 17 players for a great display. Workington thought with their big pack they would steam roll us in the heavy conditions, but how wrong they were. The Barrow defence was magnificent, while in attack they split Town open on several occasions. Keep up the good work today lads and hopefully gain a win and a big pay day against a Super-League club. Like Ivor Kelland (who is making good progress following his operation) another rugby league stalwart Jimmy Lewthwaite has been hospitalised but is on the mend. It is not the same without Jimmy in the Boardroom and in the stand, Jimmy loves coming to Craven Park, let's hope it is not too long before he is back with us at a ground he shone so well for over 12 years. It was nice to hear that St Helens and Great Britain star Leon Pryce was at the Walney v West Bowling game last week in his capacity as one of the Coaching staff of the Yorkshire side. Leon was on the touchline signing autographs and chatting to the home supporters, how many of soccers top stars would you see in this role, well done Leon. While on the subject of the Amateur game Walney and Askam both lost their fight to remain in division one of the Conference. Neither club has been in division two before. While in the North West Counties both Ulverston and Roose Pioneers could lose first division status over the next couple of weeks. I am tired of pushing the boat out, but is it not time for all clubs to return home to the Barrow league. Clubs should seriously sit all players down and ask them to be honest regarding travelling - here, there and every where, every other week, have they not had enough. I rest my case once more. Paddy

THE COACH COMMENTS

What a difference a week can make. After the Gateshead game a fortnight ago I was asking serious questions about myself and the players. It looked as if what I wanted to happen was not happening. No one was happy. The crowd were not happy and we want to please supporters.

Then came the win over Workington last Sunday. Wow. Right on top of the world. The players could stick their chests out with pride. I certainly wanted to.

The standing ovation at the end was a total lift.

But the players had worked really hard for it. It was a massive achievement. A reward for working hard on marker defence all week and on players defending off both shoulders.

I thought we did well in the first half as we completed 75 per cent of our tackle counts. But that was nothing compared with our outstanding defending in the second half.

In one spell we faced 18 tackles in a row on our own goal-line and they couldn't break us down. That takes some doing.

The only disappointment was that we only completed 40 per cent of our second half sets of six but that will come.

The outcome is a home Northern Rail tie against Widnes. What a great chance for our young players to take on a side of experienced pros.

Today's priority is taking on the challenge of Oldham in the Powergen Cup. I am grateful to Peter Roe for letting us have a tape of his Keighley's match against Oldham.

Steve Deakin is a coach I admire and he is doing a good job. But a good performance by our lads today will give us something major to take into what is going to be a tough league programme. Stick with us.

From: Peter Wilson ex-Daily Star

Today's visitors have known the highs and lows of modern day Rugby League - members of Super League to the brink of closure in less than ten years.

Excuse me if this week's column is personal - Oldham were my local club for more than 20 years. I even worked for them as media officer (unpaid) for a short spell.

Like Barrow, Oldham is what we in the press like to call "a rugby town" - a solid amateur set-up, a professional club with an illustrious past, pubs full of customers who love to talk about the game.

Unlike Barrow, Oldham has tasted the high life of Super League and paid the price. Less than ten years ago Oldham - then known as The Bears - were up with the full-time elite but life was anything but rosy. Gates hovered around the 4,000 mark - and the first 1,000 through the gate only paid for the rent of Boundary Park - and the team was filled with highly-paid Aussie journeymen and run of the mill British and Kiwi players.

Success was as far off as ever so it was little wonder that the Oldham public became disillusioned by a combination of inept management and poor results.

Gates slumped, Super League membership was lost and eventually the prickly relationship between soccer and rugby led to Oldham being made homeless.

They even had to play their home games out of town at nearby soccer grounds.

Present chairman Chris Hamilton started the uphill struggle to revive interest but he was starting almost from scratch. The old ground of Watersheddings had been sold with nothing to show for it other than a housing estate and the club were billeted on the opposite side of town - football territory. The fan base had shrunk to almost nothing and only the diehards remained.

And recent history shows that, like other former Super League clubs - Workington, Halifax, Sheffield and Gateshead - Oldham are finding life is even tougher among the have-nots of the lower divisions.

The Golden Age for Barrow and Oldham was back in the 1950s (anybody remember Swinton, 1952 and the Lancashire Cup final which Barrow won 13-2) so today's tie offers a taste of the past.

It is only the fourth Challenge Cup meeting between the sides with Oldham 2-1 ahead.

It is Barrow's chance to level the score and pull a money spinner out of the hat on Tuesday. With a deep affection for both clubs I can't lose whatever the result. So Come On Barrow/Oldham!

Captain's Page

Hello everyone,

I'm sure everyone's a bit more upbeat this week, after a really hard fought win against Workington on a wet and muddy Sunday afternoon. Credit this week I think has to be placed on the players for the performance - especially in defence. Finally, our young side took on board the coaches' instructions on how to win a close-fought match. I thought personally that it was a real team performance by everyone and it's also the first time this season that we've managed to stay calm and competed under continuous pressure. In my opinion, that is what wins games, especially in even-matched Cumbrian derby matches. It was great to hear that Brett and Mike were cleared on Tuesday night of any wrong doing - I said at the time it was a farce and it was!

With Matty Blake coming back this week and Acky soon to follow, at least we're getting some numbers back as the season proper approaches.

I thought, Matt Bottom had one of the best debuts I've seen, last week, long may it continue and on last week's performance I hope he's with us for the foreseeable future - it's a shame he couldn't play today.

Enjoy today's game.

Holty.

As one of BARLA's top back-row forwards, Wingfield has earned four overseas trips - two to Moscow, one to France and one to Australia.

OLDHAM A BRIEF HISTORY

Oldham is a proud club with a great tradition. Founded in 1876 as a rugby union side, it grew swiftly and during just its third season John B. Rye became the first of many of its players to gain representative honours when he was selected for Lancashire. Oldham were the first Lancashire team to lift the Challenge Cup when Hunslet were beaten in 1899, the beginning of a truly golden era in the history of the club. For the next thirty years it would never be far away from the honours and included a sensational period during the 1920's when it appeared in four consecutive Challenge Cup finals. The skilful side of the 1950's is still fondly remembered, the names of Davies, Cracknell, Ganley, Winslade, Jackson, Little and Co., etched into the memory of those supporters who were amongst the 62,000 crowd at Odsal Stadium to watch the 'Roughyeds' beat Hull 15-14 and lift the 1957 Championship.

Remarkably, the team from the old cotton town, which has produced over 80 international players, has not won a major trophy since, despite, in 1996, being a founder member of Super League and the following year playing in Australia in the World Club Championships. Unfortunately, in 1997 pressing financial problems forced the club into liquidation.

Professional rugby league was not allowed to die in the town, however, and due to the efforts of a group of enthusiasts a new Oldham club was formed and entered into the Second Division Championship of 1998 eventually succeeding in reaching the 2001 Grand Final, albeit losing to Widnes Vikings 24-14.

Having led a somewhat nomadic existence the club (which strives to once again play in Super League) now plays its home matches at Boundary Park, the home of the town's soccer club, Oldham Athletic.

WELCOME FROM POWERGEN

Powergen would like to take this opportunity to welcome you all to Craven Park for this afternoon's Powergen Challenge Cup Fourth Round Match between Barrow and Oldham.

The draw for the fourth round has produced a number of fascinating matches, most especially the first televised match this weekend. Hull FC, the current holders of the Powergen Challenge Cup travel to Odsal to face the Bradford Bulls, the 2005 engage Super League Champions and World Club Challenge Winners. Elsewhere Thornhill Trojans, the only amateur side remaining in the draw, hope to extend their

fantastic run in this competition by travelling to France to face the new Super League team, Catalans Dragons. The rest of the draw includes a number of clashes which will doubtlessly ensure that the 2006 Powergen Challenge Cup throws up as many surprises as previous years, for example can Toulouse repeat their success of last year as they take on Harlequins RL at the Stoop?

Powergen's involvement with Rugby League has been a fantastic success over the last four years with our support encompassing all levels of the game from professional right down to grassroots. The Powergen Champion Schools Tournament is a superb initiative which has involved more than 72,000 schoolchildren over the last four years. The 2006 competition is now at the National stages with the semi-finalist teams training hard to earn themselves a place at the Finals over the Powergen Challenge Cup Final weekend.

Many thanks to all those who are working so hard to organise the Challenge Cup this season, it's going to be another fantastic year. The success of this competition would not be what it is without the ongoing support of the fans plus BBC television and the media.

Powergen wishes both teams luck in their match today and hopes that everyone has a great day watching what will undoubtedly be an exciting game of Rugby League.

Charlotte Meekham,
Sponsorship Executive, Powergen

ANY OLD PROGRAMMES? If you are having a clear out at home and come across any old rugby league, soccer programmes etc, then DON'T BIN THEM - GIVE THEM TO US! The Rugby Shop in Scott Street will either take them off your hands or come to collect them and our contacts can sell them on to top collectors, dealers, e-bay, etc and make money for the club. So far over £2000 has been raised. All money raised at the moment is going to the club to strengthen playing staff. Ring 824454 if you can help us - any sporting memorabilia will be accepted, not just rugby league!

Next weeks bucket collection will be in aid of the RFL BENEVOLENT FUND

The Rugby League Benevolent Fund is a charitable trust to support players whose lives are affected by serious injuries sustained while playing Rugby League.

The Fund will seek to generate income from a number of sources such as the President's Ball which was re-introduced in 2005. Significantly, it will also receive £1 from every ticket sold for all future Powergen Challenge Cup Finals and Engage Super League Grand Finals from 2006 onwards.

In addition, every professional club and the Community Game has given its support to earmarking Easter as a major fund raising weekend for the Benevolent Fund.

Phil Clarke, Trustee and spokesman believes the Fund to be a most welcome development, stating.

"Although serious life-changing injuries are rare in Rugby League, it is critically important that any players who are affected receive the best support possible. The creation of the Fund will begin the process of delivering this".

Clarke added: *"The family and community spirit which exists within Rugby League will greatly assist the growth and development of the fund over the coming seasons and supporters attending the sport's major events can take satisfaction from the fact that they are contributing directly to this important initiative."*

The Fund has already provided help and support to injured players in the form of assistance towards purchasing specially adapted cars, holidays, equipment at a Spinal Injuries Gym and also provides help and support to the families of seriously injured players in the form of accommodation and travel expenses.

GIFT AID

Donations to the Fund can be made by cheques payable to the Rugby League Benevolent Fund forwarded to the RFL headquarters at Red Hall, Leeds, LS17 8NB. Please Gift Aid your donations.

Using Gift Aid means that for every pound you give, we get an extra 28 pence from the Inland Revenue, helping your donation go a little further. This means that £10 can be turned into £12.80 just so long as donations are made through Gift Aid. Imagine what a difference that could make, and it doesn't cost you a thing.

So if you want your donation to go further, Gift Aid it. Just complete this form and send it back to us.
