NOBBY'S NOTES
O X --- O X

Welcome to our second game of the Northern Rail Cup which also happens to be against our local rivals from the Rochdale Hornets. After the disappointment of last week's game against the Crusaders we are hoping for a more complete performance today. As strange as it might sound and after analysing the game at length there were quite a few positives – we controlled the ball for long spells in yardage and it was good ball, but unfortunately weren't at our best defensively. The lads have been working overtime in training to rectify the problems in defence and I am hoping to see their hard work pay off today against the Hornets.

Fortunately the last time we played against Rochdale Hornets was in the Law Cup, when we came out victorious so we are fully expecting the Hornets to be fired up for today's encounter at Whitebank and have been preparing for an extremely tough game. The Hornets have some quality players who caused us problems at Spotland so we are going to have to be at our best today to keep them from crossing the line.

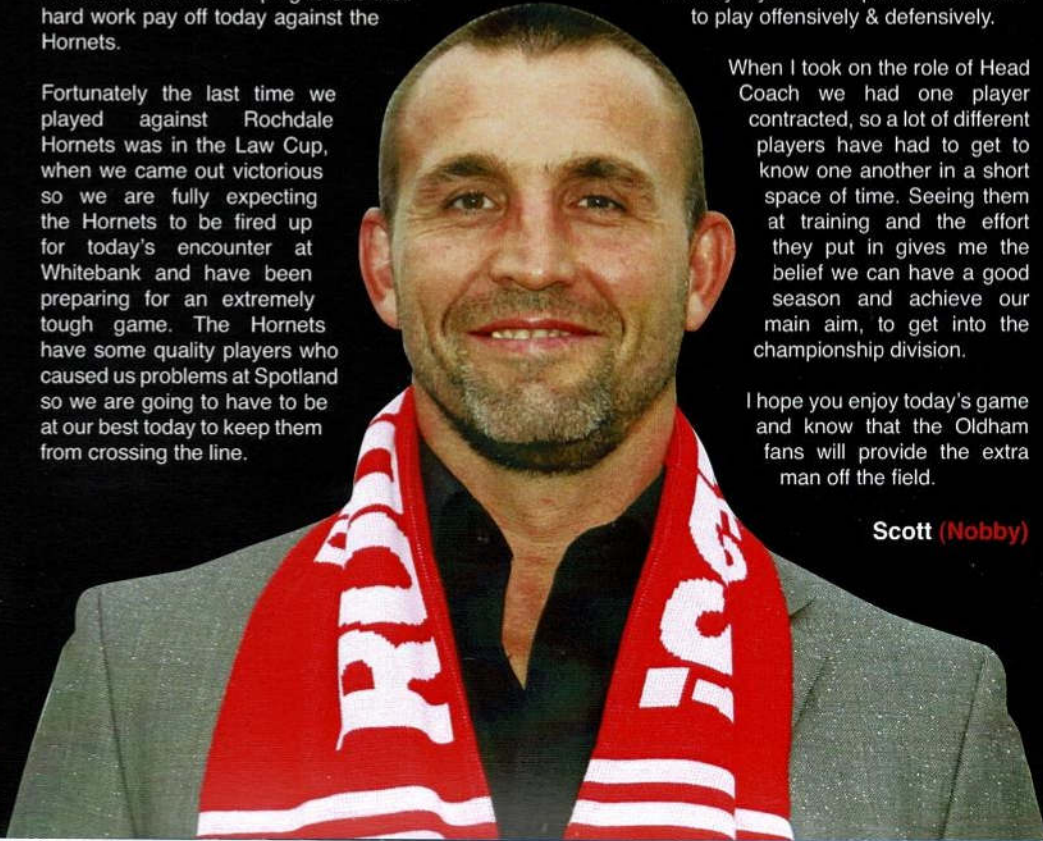

On a personal note it's nice to be coaching a bunch of lads that myself and my assistant, Spanner put together over the months of October & November. They have worked extremely hard in pre season on all aspects of the game. They have had Super League Conditioning programmes, Super League Training facilities and in my opinion Super League coaching.

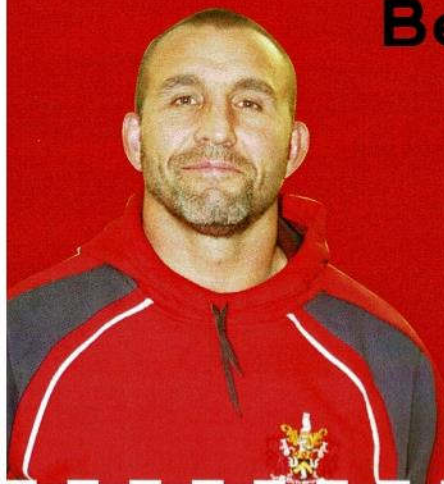

Pre season started Nov 13th and from that day every single one of them has given 100%. I still think that they will need time to get used to the way myself and Spanner want them to play offensively & defensively.

When I took on the role of Head Coach we had one player contracted, so a lot of different players have had to get to know one another in a short space of time. Seeing them at training and the effort they put in gives me the belief we can have a good season and achieve our main aim, to get into the championship division.

I hope you enjoy today's game and know that the Oldham fans will provide the extra man off the field.

CHRIS' COMMENTS

Last weekend was a disappointing one.

I don't think anybody, including the players, saw a collapse like the one we endured just before and just after half time coming.

Pre season work has been hard and physical and everybody has given 100 per cent so after 2 wins in pre season we were upset at the scoreline last Sunday. This week however has seen another positive week in training and I know for sure Scott will have done his utmost to try and eradicate that from our game.

We have a tough game today against Hornets who, having just lost the Law cup game to us, will be out for revenge. The beauty of that is that we know we have to be in good form to get a result and I think anybody who watched the match at Spotland not so long ago could see what it meant to the staff and players to win it. So motivation won't be an issue today.

It's also good, at long last, to be back playing with there having been a six month break since the club effectively had any significant revenue coming in.

This last close season has been very difficult in terms of trying to keep the club going - a problem not unique to us by any stretch of the imagination - but in that time there have been wholesale changes in terms of

coaching staff and personnel and players.

That has all happened for a reason and I am sure we will see the benefit of it as the season unfolds.

To Scott, Spanner and all of the new players and staff can I officially welcome you to your first season at Oldham and it goes without saying that we all wish you the very best of luck in your Oldham careers.

After lots of deliberation the RFL eventually decided on what format the playing structure beneath first team level would look like and we have again invested in this level of the game and are running an under 20s team. There has been an awful lot of work done in this regard also and with funding from the RFL being cut this year it wasn't an easy decision to make but we have stuck our neck out and we need you to back us as we look for the stars of tomorrow by turning up to watch games. Phil Costin is in charge of this side and will be assisted by Mark Davenport.

Again we wish them and all the lads involved in the side every success. Back to the first team and in the three matches we have played so far the vocal support has been as good as ever and we want you to raise the levels even more today.

As we start our home campaign in 2013 let's hope we can achieve what we want and give you all a team you can be proud of.

Thanks for your support.

No. 6 - LEWIS PALFREY

AUTOGRAPH

Behind Closed Doors with...

Lewis Palfrey

Who are your heroes or people you look up to?

People I look up to are my parents, I don't really have a hero but I really liked watching Andrew Johns as a player and I also think Ben Barba is something else!

Do you play any other sports and if so do you excel in them?

I enjoy playing and watching all sorts of sports but I played football until I was about thirteen but had to make a decision on which I wanted to carry on with and I chose the egg!

What is the highlight of your career so far?

Being given the captaincy this year. We've got a really talented squad and hopefully I can lead us to some silverware.

If you could invite 2 people to dinner dead or alive who would they be?

Charlie Sheen and Mario Balotelli.

If your house was to be hit by an earthquake what would be the first thing you'd save?

I would save my Xbox with Call of Duty and FIFA 13!

Who's the funniest of your team-mates and why?

Impossible to answer, they're all a mad, crazy, hilarious bunch.

Which TV programme would you never miss?

The NRL on weekends. If we think we're getting closer to beating the Aussies we're kidding ourselves.

What was the last book you read?

Andrew John's autobiography.

What's your favourite type of music?

I don't have a favourite type of music I can listen to nearly anything apart from some of the stuff Sam Gee listens to.

How do you relax after a match?

By putting my feet up, maybe have a takeaway and just doing next to nothing.

Finally.....Tell me a secret.

Mo Agoro is the longest in the shower, by a long way, if you know what I mean.

PHIL'S NOTES

Hello and welcome to the start of our season in the newly structured Under 20's league. There are 10 teams involved this year and I am sure it will be an extremely competitive competition. Our pre-season training has gone really well with valuable input from Mark Davenport, my new assistant and Craig Thomas, our Conditioner. We train at the excellent Oldham Oasis Academy with great facilities at the same as the 1st team and it gives the U20's a great insight into how hard they have to work to aspire to this level.

There is a great buzz about the place instigated by the leadership of Scott and Spanner, who have some great ideas and a wonderful work ethic. In our first game of the season we went down at Leigh East in what was a game of 2 halves. Too many penalties given away in the first half resulting in Leigh gaining the upper hand, but a complete turn around in the second half saw us dominate in most areas of the game and with a bit of luck could have snatched it at the end. Only the guile of Aaron Lloyd, 10 minutes from the end taking the wind out of our sails.

We can take great confidence into our next game against our arch rivals, Rochdale Hornets (9th March). We play our first home game against South Wales Scorpions on Saturday 16th March with a 2:30pm kick-off. It would be great to see you as your support is greatly appreciated.

Best Wishes,
Phil
